Wholesale Trafficking in School Girls Alleged in Portland

Prominent Baseball Men and Merchants Are Arrested

A player on the Oakland Coast League baseball team, whose name has not been divulged, is alleged to be implicated in the wholesale traffic in school girls between the ages of 14 and 16 years, in charges brought today by the Portland police.

Four arrests have already been made. Taken into custody were Elmer Lober, outfielder, and Robert Davis, third baseman of the Portland Coast League team; Bert Roach, leading man of a local stock company, and Joseph Berger, a jewelry store proprietor.

Lober and Davis today were arraigned in the Portland municipal court and held to the grand jury under $2000 bail. The police say they made a confession.

FOUR GIRLS HELD.

A warrant has been issued for a pitcher on the Mission team. Two players on the San Francisco and one on the Oakland team are named in the investigation.

It is said that warrants for the proprietors of two hotels, the alleged headquarters for the ring, will be issued. Four girls are being held as witnesses.

It is alleged that the ring operated in Portland for some time, baseball players entering into its practices when they were in Portland, and actors and business men of that city maintaining the organization.

Bail for Lober and Davis later was reduced to $1000, which was furnished by W. W. and W. G. Metzger. The police said that Roach also made a confession. Berger, however, denied he knows the girls involved. Two other members of the Portland team are said to be under surveillance by the police.

FACTORY BLOWS UP

CHICAGO, Sept. 30.—H. B. Thearle, president of the Paine Fireworks Display Company of America, and two employes were killed here today in a fire and series of explosions which destroyed a one-story brick building occupied by the company. One missing employe is believed to have lost his life. Four persons were injured and taken to hospitals.

The dead:

H. B. THEARLE, president of the company.

E. M. CONNOR, a salesman.

FLORENCE HILL, stenographer.

Missing:

R. F. WOLF.

The victims had scarcely a chance to stir out of their tracks, so rapidly did the explosions follow and the building become wrapped in flames. The north wall of an eight-story building on the south was blown in, causing a panic among the occupants, who, however, reached the pavement safely by fire-escapes.

Across the street similar scenes were witnessed when flaming debris, shot by the explosions, shattered the windows, but there was no loss of life. Monetary damage is estimated at $50,000.

An electrician named Johnson was working in the basement at the time of the explosion and is believed to have perished.

Mrs. Thearle and a daughter are now living in San Diego, California.

GERMAN SHIP HIT BY BOMB FROM JAPANESE AIRMEN

By Associated Press.

TOKIO, Sept. 30. — Japanese aeroplanists assert they hit a German vessel during the latest fighting at Kiao Chow with bombs thrown from the machines at a height of 2100 feet. Two biplanes and one monoplane were engaged. The wings of the machines were riddled with bullets, yet they returned in safety to their base.

HEYWOOD IS ENJOINED BY O. T.

U. S. Court Delays Stoppage of Trains in Berkeley

SAN FRANCISCO, Sept. 30.—Attorney W. I. Brobeck and Judge W. H. Smith, representing the San Francisco-Oakland Terminal Railways, obtained a restraining order in the federal court today preventing interference on the part of the Berkeley authorities with the operation of the Shattuck avenue Key Route lines. The injunction, which prevents the officials from hampering the railroad in any way, is made returnable on October 5, and is directed against Mayor Heywood, Chief of Police Vollmer and Councilmen Turner, Hoff, Harms and Wilson.

CHIEF VOLLMER DETERMINED.

BERKELEY, Sept. 30.—Chief of Police Vollmer is to be made to bear the brunt of the tangle between this city and the Key Route company, according to developments today. The first Key Route train into Berkeley at 5:30 tomorrow morning will be stopped, Vollmer declares, in spite of whatever action against him the company may take. It was said today that the action may be leveled against Vollmer personally for exceeding the duties of his office and will be aimed at forfeiture of his official bond.

Three separate possibilities are now in evidence. On the one hand was the company's obtaining this morning a restraining order from the Federal court to prevent stoppage of its trains. If this fails action against Vollmer will be taken. Over against these two, however, the city's chief card will be the statement of State Attorney U. S. Webb to the effect that he will institute quo warranto proceedings against the company on the ground that it is illegally using a franchise to which it is not entitled.

CHIEF IS SUPPORTED.

Yesterday a notice was served on Chief Vollmer by the Key Route officials that they would hold him personally responsible for any interruption of their service. It was intimated that action against him on his bond would follow his stoppage of their trains. Vollmer laid the statement before City Attorney Frank Cornish, who believes that Vollmer is well within his rights in obeying the mayor's order. Vollmer said later that as long as the order existed he would proceed with the enforcement unless this were made legally impossible. Frequent conferences in the last two days between Mayor Heywood and the city attorney and Attorney General Webb have resulted in a definite promise by Webb that he will take action against the company if the local movement fails. Webb believes that the company is

Must Greatly Modify Plan for Settlement

WASHINGTON, Sept. 30.—Senator Thomas, who has just returned from conferences with the Colorado coal operators and striking miners, told President Wilson today he believed the plan for settlement, already accepted by the miners but rejected in part by the operators, would have to be materially modified before the latter would agree to it. The President does not intend to keep Federal troops in the Colorado fields indefinitely and is pressing for a speedy adjustment.

BATTLE RAGES LONG.

By Associated Press.

LONDON, Sept. 30.—A dispatch from Rome to the Exchange Telegraph Company, dated Tuesday, says:

"A Petrograd message states that a fierce battle between the army of General Rennenkampf and that of the German General von Hindenburg has been raging since Sunday morning along a front extending from Grodno to Druskeniki on the Niemen river. Four army corps have been engaged on both sides and the Russians are being constantly re-enforced from Vilna. The Russians have already repulsed the Germans at several points."

A dispatch from Petrograd to the Reuter Telegram Company says:

"A large fleet of transports appeared on September 24, but soon disappeared in a southerly direction. On Monday afternoon eighteen German destroyers and a cruiser came fairly near the coast and sent two boats to make soundings near Back-

150,000 IN BELGIAN FIGHT

Last Battle in Territory Believed to Be in Progress

German Losses Are Reported to Have Been Heavy

By Associated Press.

LONDON, Sept. 30, 3:27 p. m.—The correspondent of the London Daily Chronicle, with the Belgians, writing under yesterday's date, estimates that nearly 150,000 troops are engaged in a desperate battle along a line extending from Termonde to Aerschot.

"This battle," the correspondent says, "appears to be the last effort on both sides. Belgian resistance in the face of the superior German artillery is really magnificent.

"As regards Antwerp, it is not easy to make any definite statement until the result of today's (Tuesday) battle is known. In any case the town is well provisioned and defended. The German losses in the last few days must have been enormous. Certainly many thousands have fallen."

Pinchot Victim of Ptomaine Poisoning

ERIE, Pa., Sept. 30.—Gifford Pinchot, Washington party candidate for United States senator, was confined to his hotel here today, suffering from a severe attack of ptomaine poisoning. Pinchot fainted after delivering an address last night. Mrs. Pinchot, who accompanied him, spent the day visiting towns where Pinchot was to speak and explained to waiting audiences why he was not present.

DEVELOP TURNING MOVEMENT.

By Associated Press.

PARIS, Sept. 30, 2:57 p. m.—According to the official bulletin on the war given out in Paris this afternoon, the turning movement of the allies north of the Somme is developing rapidly. A German attack on Tracy-le-Mont has been repulsed with heavy losses.

The text of the statement is as follows: "First, on our left wing, north of the Somme, the action continues to develop more and more toward the north. Between the Oise and the Aisne, the enemy has delivered vigorous attack on Tracy-le-Mont, northeast of the forest of Algue. They were repulsed with heavy losses.

"Second, on the center there is relative calm along the entire front, which extends from Rheims to the Meuse. Between the Argonn and the Meuse we have made slight progress.

BATTLE SEVERE; ALLIES ADVANCE.

"In the Woevre district there have been severe battles. Our troops have advanced at several points, notably to the east of St. Mihiel.

"On our right wing in Lorraine and the Vosges there has been change.

"In Galicia, the efforts at sorties made by the Austrian garrison at Przemysl have failed. The Austrian armies continue to retreat in disorder, losing many prisoners and much artillery and war material. At Mount Duzfok, south of Przemysl, in the Carpathians, a Russian detachment has defeated a Hungarian brigade and penetrated into Hungary."

FIGHTING ON RIGHT WING.

BERLIN, Sept. 30, via London, 11:41 a. m.—A report given out at army headquarters today says: "There has been general fighting on our right wing in France, but nothing decisive. The center is quiet. The French advances in the vicinity of Verdun and Toul have been renewed."

OPEN FIRE ON ANTWERP.

LONDON, Sept. 30, 1 p. m.—A dispatch to Reuter's Telegram Company from Berlin, coming by way of Amsterdam, says that the headquarters of the German general staff made the following official statement last night:

"On our right wing in France indecisive battles have occurred. Between the Oise and the Meuse it is generally quiet. The army operating against the forts on the Meuse was repulsed.

"The French have made a new assault along the line from Verdun to Toul.

"Our siege artillery has opened fire on the forts of Antwerp. The assault of the Belgian forces against the attacking line has been repulsed.

"In the eastern theater of the war the Russian assaults in the government of Suwalki failed. Heavy artillery yesterday began a bombardment against the fort of Ossonrence."

ANTWERP GARRISON REPULSES GERMANS.

By Associated Press.

LONDON, Sept. 30, 2:20 p. m.—A dispatch to Reuter Telegram Company from Amsterdam says that the Telegraf has received this message from Antwerp:

"From various points the garrison made sorties and repulsed the Germans with heavy losses. The bombardment of Forts Woelhem and St. Catherine by the Germans continues. A single attack has been delivered by the Germans on Forts Liezele and Breedonk."

FIGHT BEFORE BRUSSELS.

LONDON, Sept. 30, 12 noon.—A dispatch to the Central News from Amsterdam says that refugees arriving from Ghent report the Belgian forces marching on Brussels are in contact with the Germans.

BELGIAN FORTS NOT SILENCED.

By Associated Press.

ANTWERP, Sept. 30, by way of London, 4 p. m.—An official statement issued by the Belgian general staff today says: "A vigorous German bombardment of forts Woelhem, Wavre and St. Catherine which was continued throughout the night, abated at 8 o'clock this morning. The assailants did not succeed in silencing the guns of the Belgian forts, nor in any way lowering the morale of the garrisons of the forts.

"At no point did the German infantry dare to move against our first lines of defense. Only one attempt was directed against

ADVANCE OF FRENCH IS RENEWED

Gen. Joffre's and German Commander's Reports Agree

Break of Teuton Right Wing Part of Turning Move

By Associated Press.

LONDON, Sept. 30, 2:53 p. m.—For the first time in this war of nine nations there is some concordance in the drift of the reports from the headquarters of the three armies holding the center of the stage in France, which is still the theater where the most important operations are in progress. It is, however, to be noted that corroboration by one side of claims of the other is largely negative.

"The French advances from Verdun and Toul have been renewed," is the German report of yesterday's fighting on the eastern end of the line, and the communication of General Joffre, commander-in-chief of the French forces, agrees with it in the statement that his troops "have made slight progress" in that field.

At the other end of the 250-mile line the allies "are holding their own" is the report from the British headquarters, and the Berlin announcement seems indirectly to admit this claim by announcing that the battles on this end have been indecisive.

In the center the French commander-in-chief claims slight progress. According to another version of the report from the German headquarters, the French attacks from Verdun and Toul have been repulsed.

Confirmation of news agency story that the German right wing had been broken and was in flight is still lacking. Commentators show much skepticism of this report, although they consider the breaking of the German right wing would be only a natural result of the great turning movement, the present status of which is pictured in the French official announcement of yesterday. This shows that the allies have pushed back the invaders in this region until the German right wing is virtually at right angles with the rest of the lines.

The fact that the German army headquarters admit that their great efforts to throw back the pressure of the allies have proved indecisive is regarded in England as significant.

NO CONFIRMATION.

By Associated Press.

WASHINGTON, Sept. 30.—Official dispatches received by the French embassy today duplicated in part last night's official statement of the Bordeaux war office and gave no confirmation of the reported defeat of the German right wing.

A brief cablegram from the foreign office, dated September 29, announced more liberal conditions for business men under the moratorium.

Exchange of Girls Is Incident of War

By Associated Press.

LONDON, Sept. 30, 3:15 p. m.—Miss Daisy Polk of San Francisco has been delegated by the International Women's Relief Committee to take thirty-five German schoolgirls from England back to Germany. She will leave tomorrow and on her return trip she will bring with her back to England an equal number of English schoolgirls.

Six Wounded Killed by Shell in Hospital

By Associated Press.

LONDON, Sept. 30, 5:43 p. m.—In a dispatch from Antwerp the correspondent of Reuter's Telegram Company says that four wounded men and two wounded women were killed by a shell which pierced the roof of a hospital at Lierre yesterday during the German bombardment. The ward where the wounded men lay was completely wrecked.

WAR SUMMARY

By Associated Press.

The turning movement directed against the German right wing by the allied armies is developing rapidly, according to an announcement by the French war office this afternoon. It is declared that a vigorous assault on Tracy-le-Mont was repulsed with heavy losses to the Germans. Tracy-le-Mont is the elbow of the fighting line that in a general way stretches from that point east and north. The official statement says this action moves more and more towards the north.

There is nothing in the Paris announcement or in other official statements today, however, to confirm last night's assertion by a Paris correspondent of a London news agency that the German right wing has been broken.

The French war office claims also that slight progress has been made between the Agonne region and the Meuse, and that the allies have advanced east of St. Mihiel. No notable movement has occurred on the center, and the situation on the right is reported unchanged.

An official German announcement, coming by way of London, states that there has been general fighting on the German right, but nothing of a decisive character has transpired. German headquarters also reports the center of the battle line as quiet. The French advances in the vicinity of Verdun and Toul have been renewed, it is said.

A German official statement issued last night also described the fighting on their right wing as indecisive.

The allies operating against the forts on the Meuse were repulsed, it was said.

Berlin confirmed the assault on Antwerp, and said that attacks by the Belgian garrison had been repulsed.

Russian assaults in the government of Suwalki, Russian Poland, have failed, it is declared.

A dispatch from Petrograd says that a fierce engagement between the armies of General Rennenkampf and General von Hindenburg has continued since Sunday morning along a line extending from Grodno to Druskeniki, on the Niemen river. Four Russian corps are pitted against an equal number of Germans. Russian re-enforcements are reported as strengthening their lines.

The Russians have established a civil government at Lemberg, capital of the Austrian province of Galicia.

An English correspondent in Belgium says that 150,000 troops are engaged in a desperate battle along the line from Termonde to Aerschot.

A report from Bucharest says that King Charles has summoned the cabinet to meet tomorrow to determine the attitude of Roumania. Earlier Bucharest reports published in Paris claimed that the King wished to support Germany, but that his Ministers rejected the proposal.

A message from Antwerp says that the German bombardment of the forts of Antwerp continues, and that the Belgian garrison has made sorties repulsing the Germans, who suffered heavy casualty. Belgians marching on Brussels are said to be in contact with the Germans.

A correspondent at Cettinje reports that the Montenegrins have seized the Austrian entrenchments twenty-nine miles southeast of Sarajevo, capital of Bosnia.

Tokio announces that Japanese have occupied Tao Che harbor, near Tsing Tao.

With the reserves called out Italy will have an army of 1,310,000 men, according to a report from Venice.

forts Liezele and Breedonk. Our troops, holding positions between these works, allowed the enemy to advance until they were within close range, when the artillery and infantry, working in a remarkable combination, showered the attacking column with a hail of projectiles and bullets, which threw their ranks into disorder and compelled a precipitate retreat. This attempt cost the Germans dearly and was not repeated. In short, the events of the day confirm the confidence of Belgians in the power of resistance of their national redoubt."

GERMANS MOVE HEADQUARTERS.

By Associated Press.

LONDON, Sept. 30.—The Ghent correspondent of the Daily Express has sent the following dispatch: "Persons arriving from Brussels says that the Germans are preparing to move the administrative headquarters of the military government of Belgium to Namur. This is taken to mean that the Germans are getting ready for the next stand nearer their own frontier."

FRENCH RETAKE ST. MIHIEL.

By Associated Press.

LONDON, Sept. 30, 8 a. m.—The correspondent of the Times at Nancy, France, telegraphing under date of September 26th, gives an unconfirmed report that the French have re-taken St. Mihiel, a fortified encampment on the Meuse, twenty miles southeast of Verdun, and also that they have captured Prince Rupprecht of Bavaria at Nomeny, fourteen miles north of Nancy. The correspondent adds that, according to the report, Germans are assaulting Nomeny with the object of setting the Prince free.

Allies Withstand Shock of Enemy; Capture Prisoners

By Associated Press.

PARIS, Sept. 30, 6:50 a. m.—It was again the turn of the allies' left yesterday to receive the shock of the enemy on the battlefront in Northern France, and although the official communication does not say so, it is reliably stated that again they took many prisoners.

The apparent lack of consistency in the operations of the Germans, added to the increased vigilance of the censors, is making the lot of the military prophets hard. All they can deduce today from the information given out is that the Germans failed to break through the allies' front anywhere.

Naturally, the absence of news makes a place for rumors, which are plentiful, but which no one dares to publish, even if their truth had been ascertained. Commentators are required also to be very circumspect, as is shown by the blank, white gaps of various lengths in the censored articles in the Paris newspapers. All that can be said of the unofficial reports that are printable are that they are not unfavorable to the allies.

The Zouaves are reported by returning wounded soldiers to be covering themselves with glory on the allies' left. It is related that one day recently the French were obliged to recede under a tremendous pressure of numbers and left eight three-inch guns in the hands of the enemy. This enraged the Zouaves, who begged to be allowed to get them back and recapture the position.

When trumpets sounded for the charge and the Zouaves bounded forward many turned their heads as they did not wish to see what they thought was sure to happen to them, but on they went, singing, shouting and defying the rain of machine gunfire. A great proportion fell on the way, but the rest pressed forward until they pounced on the enemy's line. It seemed then as if there were only a few flashes of steel before the enemy broke and the cannon were immediately trained on the fleeing foe.

Stupendous and Decisive Struggle in Somme Valley

By Associated Press.

LONDON, Sept. 30, 2:30 p. m.—The brief official communication received here from Paris declares that the conditions along the battle front in France remain unchanged. Among the special dispatches is one from Nancy which tells of the recapture by the French of St. Mihiel and the capture of the Crown Prince of Bavaria, and relates that desperate attempts are being made to retake the distinguished prisoner. No one knows except those on the ground just how the great siege battle of the Aisne is progressing, but there are many indications that its nineteenth day that was witnessing a stupendous and decisive struggle in the Valley of the Somme.

Belgium has again been the zone of the fighting, which in a war of less magnitude than the present titanic struggle would be called a great battle, as it is estimated that more than 150,000 men were engaged yesterday in the Antwerp triangle.

During the day desperate fighting took place along a line extending from Termonde to Aerschot. The Germans are reported to have been reinforced from the south of Brussels and are steadily drawing their lines about the Antwerp fortresses which their artillery thus far has only felt out.

From Brussels come the report that the German military government is preparing to remove to Namur.

In the east General von Hindenburg and General Rennenkempf along the Niemen are reported to have been engaged in a fierce battle during the last three days without any decisive result having been obtained.

FORM JUNCTION.

Vienna states that the much harassed army from Galicia has formed a junction with the German corps at Cracow. This junction has been expected, but in the British view, occurred none too soon, as the Russians are reported to be only sixty miles distant. Heavy fighting in this region and in Silesia is expected soon. Owing to the marshy ground the Germans have been compelled to place their siege guns on the railroads. This is taken here to indicate that artillery will not play as important a part in the coming operations as it has in previous battles of the war.

If the Russian forces have won the passes in the Carpathians nothing except improvised forts remain to prevent them overrunning Hungary which, it is reported, has been abandoned to its fate by the Austrians, who left its defense to the Honveds, the Hungarian national troops. Budapest, however, reports that the desperate struggle still prevailing in the passes is holding the Russians in check. Petrograd reports signs of activity on the part of the German fleet in the Baltic and a gale, credited with being the heaviest within human memory, sweeping over the North Sea and Denmark, has washed ashore bodies of German sailors in uniform near Esbjerg, Denmark.

The Balkan allies pressing the attack on the Austrian province of Bosnia have won several minor successes, but the investment of Sarajevo, the capital, proceeds slowly, as the nature of the country makes the movement of siege guns snail-like, while the six miles which separates the assailants from the capital is occupied by a range of mountains and outlying forts.

Both Flanks of Germans Threatened, Says Correspondent

By Associated Press.

LONDON, Sept. 30, 7:45 a. m. — The Times has received a dispatch from its Paris correspondent, dated September 25, and delayed by the censor. It analyzes the positions in the battle of the Aisne and of the terrible fighting which took place in the valley of the Somme. The correspondent says:

"Movements hitherto concealed or vaguely hinted at are now unveiled and German position between the Oise and the Argonne now sinks into the background. One thing is certain and that is that the German armies are in a position of the gravest danger. The allies have succeeded in threatening both flanks of the enemy simultaneously, and he is conceed in extricating his force intact, for he is still formidable in every way. To save himself, however, he can hardly maintain his center on his present position but will have to retire in order to withdraw himself from the grip of the allies' claws. If he is unable to do this he is beaten, and it will be only the wreck of his forces which will then reach the German frontier."

German Center Holding Firm Against Contestant Attack and Cannonade

By Associated Press.

LONDON, Sept. 30, 4:48 p. m.—The Times has received the following dispatch from its correspondent in Bordeaux:

"The constant thrust of bayonet charges and the battering of heavy guns has made but little alteration along the heavily entrenched German center, but the less rigid flank positions have been hammered into broken and sinuous lines, both on the left and the right.

"On the left front is the broadening sweep of the allies' turning movement; while reaching farther to the north it is pressed at a slightly wider angle.

"While the position in the center is virtually unaltered on the right, it is difficult to trace events in this portion of the front with any great accuracy. Between the Argonne and the Meuse, the French are progressing slightly against entrenched and fortified positions."

PENNILESS AMERICANS LEAVE.

By Associated Press.

LONDON, Sept. 30, 3:15 p. m.—More than 100 steerage passengers who had been provided with transportation by the American relief committee sailed today from England for the United States, practically clearing London of penniless Americans. Those arriving here lately are Americans with funds who had remained in Germany until they felt it was no longer safe there.

"The Germans are fortifying and entrenching the heights south of the government of Kielce, Russian-Poland, which command the Galician and Silesian frontiers, apparently to cover a German advance through Silesia and to aid the Austrians in the defense of Cracow," says the Petrograd correspondent of the Reuter Telegram Company.

"It is stated that the German troops mostly belong to the Landsturm," continues the dispatch. "Heavy fighting in that region may be expected soon. Owing to the boggy ground the heavy guns of the Germans can be placed only on railway embankments."

PRZEMSYL SURROUNDED.

By Associated Press.

WASHINGTON, Sept. 30.—Colonel Golejewski, the Russian military attache here, received today official dispatches almost identical with the report of operations issued from Petrograd and reaching this country last night by way of Paris. He said they indicated that Przemsyl was completely surrounded, although they did not confirm a reported fall of the fortress.

Mine Kills Nine of Fishing Crew

ROME, via Paris, Sept. 30, 6:55 a. m.—Another floating mine, according to advices received here, has exploded near Rimini, Italy, blowing up a fishing boat, killing nine of its crew and injuring a number of others.

ROME, Sept. 30, via Paris, 6:20 p. m.—An Italian torpedo boat is reported to have been sunk today by a mine between Venice and Comacchio in the Adriatic sea. No confirmation of the report can be obtained in official circles.

LONDON, Sept. 30, 5:33 p. m.—"As a result of the sinking of an Italian fishing boat near Ancona by an Austrian floating mine," telegraphs the Rome correspondent of the Evening News, "the Italian government has instructed its ambassador at Vienna to enter an energetic protest against the mines, which prevent free and safe navigation of the Adriatic."

"America" Shipped, to Be War Aeroplane

By Associated Press.

NEW YORK, Sept. 30.—The mammoth aeroplane "America," with which Lieutenant Porte had expected to fly across the Atlantic, was shipped to England today on the steamer Mauretania, and it is said will be used by the British Government for war service.

The "America," said to be the world's most powerful aeroplane, was tested at Hammondsport, N. Y., last summer before the European war caused a postponement of the proposed flight.

Lieutenant John C. Porte, who expected to make the trip across the Atlantic in the "America," was an officer in the British navy. Soon after war was declared he returned to England.

Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medical treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisurated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisurated magnesia, which can be obtained from any druggist, and should always be kept handy.

Did Germany Count on Aid of Rumania?

By Associated Press.

PARIS, Sept. 30, 12:05 a. m.—According to a Bucharest dispatch in the Journal Des Debats, Germany, counted on the aid of Rumania, but when King Charles asked the cabinet to order a mobilization of the army, one of the ministers replied:

"We are quite willing if it is against Austria."

King Charles turned to him and said: "I gave my word to Emperor William and a Hohenzollern keeps his word."

J. J. C. Bratiano, president of the council here interposed, saying:

"The country knows no Hohenzollern. It knows only the King of Rumania, who does not have to give his word to any one whatsoever."

King Charles then decided to call a council of the crown with the four ministers in attendance, but only one sided with him in favor of Germany. It is then reported that the king applied to General Averesco to try a coup d'etat and arrest the ministers, but Averesco refused, saying: "Sire, you will be the first victim."

It is said also that some superior officers declared they would desert and join the Russian army rather than fight for Austria.

The Rome correspondent of the Exchange Telegraph Company reports that a message received at Rome from Bucharest says that King Charles has summoned the cabinet in special session tomorrow to decide the attitude of Rumania toward the war.

Confirm Proposed Call for Reservists

By Associated Press.

LONDON, Sept. 30, 3:35 p. m.—The report that the 1885, 1886 and 1888 classes of Italian reservists would be called to the colors early in October has been confirmed by several Italian newspapers, according to the correspondent of the London Daily Mail at Venice. Eleven first category classes will then be under the flag and will total 1,390,000 men.

Without counting the 80,000 men now in Tripoli, Italy will have an army of 1,310,000 men in her own territory, divided into thirty army corps.

The correspondent says that Austrian troops are still throwing up defense works along the frontier, the Ponta del Tarvis line being defended by the landwehr, the first and second reserves and the Landsturm. Most of these troops are stationed between Ponta del Tarvis, Rochifort and the Predil Pass. To make emplacements for their artillery, the Austrians had leveled forests centuries old and have dug long trenches in the valley of the Isonzo.

Germany Takes Over Control of Concern

By Associated Press.

BERLIN, Sept. 30, via London, 12:30 p. m.—The cigarette factories in Germany, the Jasmatzi concern at Dresden, and the Baischari factory at Baden-Baden, owned by Anglo-American tobacco combine, have been placed under government control, for the reason that a majority of the capital is held in England.

According to the Lokal Anzeiger, Prince Franz, son of the King of Bavaria, who has the rank of major-general and is the command of the Second Bavarian Regiment, has been slightly wounded in the thigh. He is now on his way to Munich.

Prince William of Hohenzollern, whose daughter is the wife of Manuel, former king of Portugal, has been decorated with the Order of the Iron Cross, first and second class.

Italian Minister's Condition Is Grave

By Associated Press.

ROME, Sept. 30, 7:40 a. m., via Paris, 9:30 a. m.—The condition of Marquis di San Giuliano, the minister of foreign affairs although somewhat better, is grave. He is constantly nursed by his daughter-in-law, the Marchioness Santa Margherita. The patient stands his sufferings stoically, but it is ascertained that in a moment of discouragement recently he exclaimed: "I wish I could live ten weeks more."

This is taken to mean that the minister feels that within ten weeks something important and vital for Italy will occur, but thus far no one has dared to question him regarding the matter.

BRITISH ATTITUDE STIRRING WRATH

Dardanelles Closed Owing to Bellicose Spirit; Holland Resents Indignities.

By Associated Press.

BERLIN, Sept. 30, by wireless—Reports made public here from Constantinople declare that owing to the bellicose attitude of British warships cruising near the Dardanelles, Turkey has closed this waterway.

The people of Holland are described in Berlin as excited by the reported capture of Dutch ships by the British.

The Rotterdamsche Courant declares that Great Britain is showing utter disregard of the rights of neutral states. It says the Netherlands steamer Sophie, from Rotterdam for New York, was captured by British warships in the channel and taken into Lowestoft.

The British Minister at The Hague, it is related here, has admitted that a British aviator flying over the Netherlands town of Maestrich dropped a bomb, thus breaking the existence of neutrality.

A story has been given out in Berlin to the effect that Colonel Gordon and Lieutenant-Colonel Neish, British officers attached to the Gordon Highlanders and now prisoners of war in the hands of the Germans, confessed in the course of an official examination that the British Government had supplied them with dumdum bullets for use in automatic revolvers.

Albert Ballin, director-general of the Hamburg-American steamship line, has published an article in the Hamburger Nachrichten, in which he says that the British money market will be discredited by the moratorium for a long time to come. He says that the cutting of the German cable by the British and the "stupendous lies of the English and French news agencies have produced a moratorium of truth for the world over seas."

Turkish Abrogation to Become Effective

By Associated Press.

WASHINGTON, Sept. 30.—So far as official here know, Turkey will carry into effect tomorrow its announced intention to abrogate all capitulations granting extra territorial rights to foreigners in Turkey. Secretary Bryan said the Porte had received in friendly spirit the notification that the United States would reserve the right of future discussion of Turkey's action, but had not indicated a postponement of the operation of the decree.

A close watch will be kept over the manner in which Turkey exercises the new full sovereignty over her dominions. The cruiser North Carolina will be kept off the Turkish coast for the present and the cruiser Tennessee is under orders to proceed from Falmouth, England, where she now is, to Brindisi, Italy, not far from Turkish waters.

RUSSIAN IDEALS FOR E. GALICIA

Count Bobrinsky, Governor General, States Policy of Administration.

By Associated Press.

PETROGRAD, Sept. 30, via London, 1 p. m.—Dispatches received here from Lemberg, Galicia, declare that all the prominent Austrian provincial and city officials, together with the Judges, the Archbishops of all the churches, and the rabbis, attended the establishment of Russian civil government over Eastern Galicia and the assumption of the office of Governor-General by Count Bobrinsky.

M. Rutovsky, Mayor of Lemberg, in formally surrendering the government, spoke in Polish. He continued:

"Not without our co-operation have the Austro-Hungaian troops left Lemberg without firing a shot. There was no struggle here, thanks to our efforts. We believe your excellency has been informed that your troops found here co-operation and a cordial reception. In proffering the government of this capital allow me to express my gratitude to the former military governor, who lessened our hardships."

Count Bobrinsky replied in Russian. After thanking the Mayor for keeping order in the town, he said:

"I think it necessary to acquaint you with the leading principles of my policy. I consider Lemberg and East Galicia the real origin of Great Russia, since the original population was Russian. The reorganization will be based on Russian ideals. We will immediately introduce the Russian language and Russian customs. These steps will be taken with the necessary care. We shall at first limit this to the appointment of Russian governors and other officials. Many of the present executives will be replaced. We shall forbid the convocation of your legislature during the war. All social aand political organizations must be discontinued and may resume their activities only by permission. These precepts obtain only in East Galicia; West Galicia will be treated differently."

By Associated Press.

ROME, via Paris, Sept. 30.—The women of Germany, according to reports received here, are busily at work preparing woolen garments for the soldiers in the battle line. The clothing is made up according to measures, shapes and colors established by the government.

The reports also state that a committee of women has been formed for the purpose of inducing all the women of Germany to give up their gold ornaments with the idea of transforming them into money with which to buy arms. Several million marks have thus been gathered up to this time. Each woman receives in change for her gold ornaments an iron ring inscribed with the words "I gave gold for this."

English in Austria Persecuted, Report

By Associated Press.

VENICE, via Paris, Sept. 30, 7 a. m.—News which has reached here says that the anti-British feeling in Austria is becoming more pronounced than ever before. The few remaining British residents in Trieste are finding their position intolerable. An English chaplain has been arrested three times. On the last occasion he was called out of bed at 4 o'clock in the morning, and the police insisted on remaining in his bedroom while he dressed.

An English woman, 78 years old, in the same city, has been compelled to report in person to the police station every other day.

When they attempted to get dinner at Chateauroux a crowd surrounded and accused them of cowardice.

The party left dinnerless amid a shower of bricks.

CHINA TO BE NEUTRAL.

By Associated Press.

CHICAGO, Sept. 30.—China will keep its strict neutrality, according to General Hwang Hsing, Chinese minister of war in the cabinet of Sun Yet Sen, who arrived here today.

"I do not think more than a show of protest will be made against the Japanese journey across the Chinese land," he said. "China doesn't want war and knows better than to array itself against the allies who are its friends.

"Germany has a wonderful war machine. It will be hard to down and it will be impossible to predict the end of the war. If Germany wins the present battle, it means a long protracted war.

"This war is one of the last of the terrific struggles that must take place to win the world from the wrongs and misfortunes of imperialism to the freedom, opportunity and humanitarianism of democracy."

DENY SECRET AGREEMENT.

By Associated Press.

WASHINGTON, Sept. 30.—Official and diplomatic quarters united today in discrediting a published report of a secret Anglo-Japanese agreement, under which Japan was to have a free hand in China, was to be permitted to send Japanese emigrants to all parts of the British empire, which would include Canada and Australia, and was to have a British loan of $200,000,000, while Japanese troops were to assist in putting down disaffection in British India.

At the British embassy it was stated that official warning had been sent from London some time ago to be on the watch for such a report. British officials in China having advised the home governmnet that the report would be set in circulation for the purpose of arousing antagonisms. Nothing is known of the alleged loan, but it is said that if any funds have been raised through the London market it would be in the natural course of financial transactions and without the slightest bearing on the alleged agreement as to Japan's activity in China.

As to Japan having a free hand in China, State Department officials recall the statements coming from London at the time of Japan's ultimatum that Japan's field of activity in China would be restricted to the China sea and the German possession of Kiao Chow and would not extend to the mainland of China.

KEY ROUTE OPENS FIGHT IN COURTS

Berkeley Officials Are Enjoined Against Preventing Train Service.

illegally operating trains on a street railway franchise and that quo warranto proceedings will rest against it.

What effect the restraining order will have ultimately City Attorney Cornish was not ready to discuss this morning. He said that immediate opposition to the order's becoming permanent would be made by the city, which he believed had an excellent case.

TRAINS TO RUN.

"The restraining order having been served on us today," declared Cornish later, "the next move will be our appearance in the Federal court to show cause why the order should not be made permanent. More than likely this will be next Monday, which is motion day in the Federal court, but meanwhile we will be unable to proceed with our plan to stop the train tomorrow morning. The city will have strong arguments to offer as reason for dissolving the restraining order and I am confident that we shall have no difficulty in ultimately winning our case. It is unfortunate that we have to suffer this delay, but there remains only the legal way to prevent its being permanent."

The strongest argument that Cornish advances is based upon the case of the Sunset Telepone company vs. Pasadena, 161 Cal. 265. Therein it was claimed by Pasadena that the corporation had failed to pay for the use of streets as required by law. When the company refused payment the city proceeded to root up its poles and to interrupt service. The following was the opinion of the supreme court:

"It would seem to be true that the question to what extent the street shall be subjected to secondary uses is a municipal affair within the meaning of our constitutional provison. A municipal corporation has power by ordinance to require a telephone company to pay for the use of said street a fixed sum per annum for each and every pole maintained therein unless it shall have or secure a franchise or privilege therefor."

"Under the state law" Cornish explains, "it is impossible for the city to grant a franchise that does not leave the way open to force the holding corporation to do the street work that a city council may subsequently demand. Therefore we have a strong case both on the grounds that the company is using for general railway service the tracks of an urban traction company and that it has failed to comply with the terms of its franchise."

ORDER IS SERVED.

The restraining order was served upon the mayor and other officials a little after 2 o'clock this afternoon. Upon learning of the issuance of the order this morning Chief Vollmer communicated at once with the United States marshal's office and offered an arrangement for service of the order. The city officials met at 2 o'clock and a deputy from the marshal's office served the order upon them, according to the arrangement, at that time.

"I regret exceedingly," declared Mayor Heywood, "that it has been found necessary by the company to take this action. We shall fight the restraining order and shall probably engage outside counsel to assist the city attorney in the preparation of our case. If we win the trains will stop. If we lose we shall proceed with the second and more drastic step which we have heretofore avoided, of appealing to the atterney general for quo warranto proceedings, which will probably result in the canceling of the traction and Key Route franchises on Grove and Adeline streets. We have hesitated heretofore to take that action, but it seems necessary at this time to determine who is running this municipality, the San Francisco-Oakland Terminal Railways Company or the people of Berkeley."

Mayor Heywood had a brief final conference last evening with the officials of the company. They offered a temporary paving which would cost about $26,000 and which they believed would avail for a year. Mayor Heywood refused to accept this compromise. He suggested that if they had not the ready money to do the work as demanded by the recent ordinance they should give their notes to the construction company which they hire. He believes any company in this region would do the work on these grounds.

There was no settlement achieved at the conference and today's restraining order followed.

MUST OBEY COURT.

"There is no action that I can take so long as this restraining order is in effect," declared Chief Vollmer this morning. "If it is dissolved I shall proceed at once with the action which the mayor has ordered. If it is made permanent my hands are, of course tied, an dthere is nothing I can do. You may rest assured that if there is a legal way of my enforcing this order, it will be enforced despite whatever threats may be made."

Following is the text of the letter received by Chief Vollmer from the railroad company before it obtained the restraining order:

"We have been advised that the mayor of Berkeley has directed you to prevent by force the operation of electric trolley passenger cars along Adeline street from the southerly limit of the city of Berkeley to Shattuck avenue and thence along Shattuck avenue to University avenue on October 1. This order has been made without any legal right or authority on the part of the mayor and any attempt by you to carry it into effect will also be without right or legal justification on your part.

FRIENDLY WARNING.

"In view of the friendly relations which have existed between this company and yourself and the fair treatment which we have in the past received at your hands, we feel that it is only fair to you to advise you in ample time that if you prevent, stop course tied, and therein nothing [illegible] of the electric trolley passenger cars or the carrying of passengers of this company over its tracks, along such portions of Adeline street and Shattuck avenue except in the legal execution of a writ issued by a competent court of jurisdiction, this company, while regretting the necessity for such action, will be compelled to hold you responsible both individually and upon your official bond for all the loss and damages which shall result from the interference with such traffic."

The letter bore the signature of General Manager W. B. Alberger. Upon its receipt and before the service of today's restraining order Chief Vollmer said that it would have no effect upon his decision to carry out the mayor's order to the letter.

PROGRESSIVES COMMIT OUTRAGEOUS FRAUDS

Four Election Officers Accused of Gross Frauds Cannot Be Found by the Sheriff

The election contest in progress in the Superior Court has brought forth the information that gross frauds have been committed by members of the Progressive party in Alameda county.

Recently a committee of Progressives, consisting of John W. Stetson, chairman of the state Progressive committee; Charles E. Snook and Arthur Arlett, appeared before the board of supervisors, demanding an investigation and claiming the adherents of their party had not committed any frauds in this county.

The testimony now being deduced in the Superior Court shows that the grossest frauds were committed by the Progressives at the recent primary in this county. It might be well for this committee to now make an investigation and report to the public on the frauds committed by their adherents.

When the grand jury meets tomorrow, District Attorney Hynes will present to that body facts and figures gleaned during the last two days from sensational developments in the election contest now being heard before Superior Judge Wells showing wholesale fraud and forgery, is declared to have been committed.

Attorney Walsh, representing John P. Cook, the contestant, this afternoon renewed his motion that the precincts in which fraud has been shown so far be nullified, but the court ordered the recount to continue, declaring that at the finish he would hear motions and arguments.

There are about 50 precincts which remain to be counted. Attorney Walsh said this afternoon that the count would not be stopped until all the 105 contested precincts had been gone through. This will require at least another day.

EVIDENCE INCREASES.

Evidence that there was a concerted action on the part of certain mysterious agents on August 25 to poll a large number of illegal votes was brought out before Superior Judge Wells today when Lewis E. Clark, resident of the Hotel Crellin, testified that he had been approached by W. K. Stiles, proprietor of the Lodge cafe, in Tenth street, who asked him if his wife had voted. When told that she was in Portland visiting her mother, Stiles left, he said. Later he discovered that her name had been voted in Precinct No. 29, at Ninth and Washington streets. Clark further said that his wife had been away for some time prior to the election and that she has not yet returned.

The court recount of Precinct No. 30, in which it was shown yesterday that the first name voted in the precinct was that of Claude Clarke, who was at that time and now is a prisoner in San Quentin, having been sentenced last June to one year, revealed that in spite of the fact that 32 alleged forgeries had been committed in voting, the election officers had failed to give Candidate George E. Gross eleven votes that he should have received, while John P. Cook gained one vote. Gross' net gain in the precinct was 10 votes.

PRECINCT FIGURES.

With twenty precincts recounted at noon today County Clerk Cook had received a net gain of 69 votes over Gross. In all having added a total of 236 votes to the figures given in the official count. In precinct 65 he gained 35 votes, in precinct 73 he gained 37 votes and in precinct 20, 7 votes.

Pertinent testimony so far in the hearing has been that of Mrs. Carrie Wall, who said that although she was an officer in precinct 30, at Ninth and Broadway she had been told that she could leave and need not return at the close of the polls, which was 7 o'clock in the evening. While in the booth, Mrs. Wall said, she had not seen any duplicate voting and all the other election officers in that precinct declared that they had not observed any and that they had not written in any names on the roster. The other officers were James Higgins, Edward C. Wales, Thomas V. Moran and P. R. Seymour.

Billie Bannis, a barber of 419 Eighth street, testified that Michael Harris, whose name had been voted in Precinct 40 from that address, had never lived there and that he had never heard of such a person.

OFFICER QUESTIONED.

J. Dimond, inspector in Precinct 40, in which the roster of voters is mysteriously missing as well as four of the other election officers, was called to the stand today and closely questioned by Judge Wells and Deputy District Attorney Rogers. Judge Wells took Dimond to task upon the failure of the witness to remember which one of the officers in the election booth had charge of the roster, of the ballots and the other duties of the precinct. Dimond's apparent faulty memory and evasive answers to the questions put to him considerably nettled the court, who severely rebuked him for neglect of his duties as inspector in the precinct. Subpenas issued for the other election officers of Precinct 40, Vuteril, Gagnon, Gale and Blue, have been returned to the court unserved.

Arguments upon certain contested points in the recount were made at the convening of court this afternoon.

SIX NAMES VOTED TWICE.

The precinct roll of Precinct 40 showed that six names had been voted twice. In precinct 30, where there were thirty-two forgeries, according to Carl Eisenschimmel, hand-writing expert, many of the names had been written in by the same hand. The roster of this precinct was returned with the ballots to the county clerk's office. In many instances it was shown that names had been turned about and voted that way as in the case of Royal E. Fuller, who was voted that way and also as Fuller Royal.

That the frauds committed on election day went still farther back to the extent that "floaters" and fictitious persons had been registered, has been one of the developments of the court hearing. The district attorney's office is keeping a close watch upon the proceedings and it is probable that criminal proceedings will result from the court recount and expose of illegal voting.

Commissariat Fails, and Germans Suffer

By Associated Press.

LONDON, Sept. 30.—According to a Rotterdam dispatch to the Daily Mail private information from Berlin says that before the retreat to the western frontier a majority of the Germans lived on bread and water. So great was their suffering that large numbers entered the hospitals with nervous breakdown and many became insane.

DETAINED BY BRITISH.

WASHINGTON, Sept. 30.—Despite the fact that the State Department has announced it can do nothing toward having Baron Louis von Horst of San Francisco released from an English detention camp, where he is held charged with being a German spy, because he registered with the London police as a German citizen, further efforts were made today by Representative Kahn to get the London authorities to permit Von Horst to leave England. Von Horst claims he registered as a German under a misapprehension or through an error, and that he is really an American citizen. Prodded by Kahn, the State Department today began its third effort with the American embassy in London to secure Von Horst's freedom.

Clayton Trust Bill Attacked in Senate

WASHINGTON, Sept. 30. — Senator Knute Nelson, a Republican member of the conference committee on the Clayton trust bill, joined today in the attack on the report on that measure, being led by Senator Reed. He assailed the deletion of drastic provisions.

"Both men and women lobbyists have approached me since this Clayton bill came to the Senate," declared Senator Nelson, referring particularly to the section of the measure relating to exclusive contracts. "Never before in all my experience in Congress have I seen such lobbying, but it has become mild indeed since this conference report came out."

"Haven't you been approached since the conference report?" asked Senator Overman, a member of the conference committee and chairman of the lobby committee.

"Not at all," Senator Nelson replied. "No one is afraid of the bill as drawn by the conferees. They know it won't hurt them."

"No Alum"

must be the watchword when the housewife buys baking powder.

Alum is well known to be a powerful astringent, and should never be used in food.

Prof. Geo. F. Barker, M. D., of the University of Pennsylvania, says: "I consider the use of alum baking powder highly injurious to health."

Food economy now, more than ever, demands the purchase and use of those food articles of known high quality and absolute purity and healthfulness.

Tragedy of Love in F. H. Leggett Wreck

In the wreck of the steam schooner Francis H. Leggett, that sank in a storm off Yaquina light on the Oregon coast, two were drowned, Theodore G. Jorgfeld and his young wife, a bride of only a few weeks.

It was an old world romance, of the love of a rich girl for a man poor, unknown, and living in a much humbler way than herself. But all that mattered little. They were young. Jorgfeld came to America, and went to sea as a cabin boy, rising in a few years to fourth mate on the Leggett.

Then he sent for the girl, and built him a little house, out at Thirty-first and Market streets. And so the girl left Norway, her heart high with joy and hope, for out here her sweetheart was waiting for her.

A few months ago they were married, and for the honeymoon they put to sea, and each trip the girl went with her husband, for she dreaded being left alone. And so at last the sea caught them unawares and they perished together.

The boy's body has never been found, but the girl's was washed ashore, and her funeral will be held next Thursday afternoon, under the auspices of the Independent Order of Good Templars. She is survived by a sister, Mrs. Ingeberg Sundby of 520 Twenty-eighth street, Oakland, and by three brothers, Peter, Adolph and Petter Pedersen.

There will be three official scorers, J. G. T. Sping of St. Louis, and one man to be picked by the Philadelphia baseball writers, and one by the Boston writers.

DANDRUFFY HEADS BECOME HAIRLESS

Scalp Dries---Chokes Out the Hair and Prevents Its Growth

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply at night when retiring, use enough to moisten the scalp and rub it in gently with the finger-tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

MUST TAKE CIVIL SERVICE EXAMS

Fifty Park Department Employes Classified and Compelled to Qualify.

[illegible] employes of the city will [illegible] examinations [illegible] positions in the park department as a result of the action of the civil service [illegible] last night in classifying employments in this department and posting the list today. The action of the board was taken on the basis of a verbal opinion from the office of the city attorney.

The classification designates the positions, duties and salaries in the park department, and where there are eligibles for the positions, these are named. The eligibles are those who held their present positions or positions of similar rank prior to June 3[illegible], 1911. All those appointed since that time are [illegible] emergency appointments [illegible] appointees will be forced to take examinations.

The most important in the list of those who will have to take examinations is Superintendent of Parks Lee S. Kerfoot. Kerfoot succeeded Malcolm Lamond as superintendent by a resolution of the park board just prior to the request that the park department should be taken under the wing of the civil service board. It was anticipated that Kerfoot would be given civil service standing, but the ruling that the department has been under civil service since the charter went into effect changed this, and Kerfoot will be among the twoscore or more who will be asked to qualify by civil service tests.

The civil service board last night approved the creation of the position of senior clerk in the building department. Building Inspector Towle has asked that James Mahar, now head clerk in the permit and license department, be transferred to this position when the position is created. This transfer will probably be approved.

W. C. T. U. to Convene in Oakland in 1915

The Women's Christian Temperance Union of California will hold its convention in Oakland in October, 1915, and over 1000 delegates will be in attendance. Mayor Mott today received a telegram from the Alameda and Oakland unions in the organization, stating that the W. C. T. U. would gladly accept an invitation to convene in Oakland. Mayor Mott immediately telegraphed a cordial invitation from the city of Oakland. The W. C. T. U. will convene in the Oakland municipal auditorium.

WOMEN'S COMITTEE FOR FAIR COMPLETE

The addition of six members completed the organization of the woman's executive committee of the Alameda County Million Dollar Association yesterday afternoon at the Hotel Oakland. The purpose of this committee, which was formed a week ago, is to aid the men's committee of one hundred in bringing about the passage of the amendment permitting the county to bond itself for $1,000,000 in support of the Panama-Pacific Exposition.

Thursday evening a joint meeting of both the men's and women's executive committees will be held to decide on a date for a mass meeting within the next two weeks. At this mass meeting several exposition directors and other speakers will urge the necessity for the amendment.

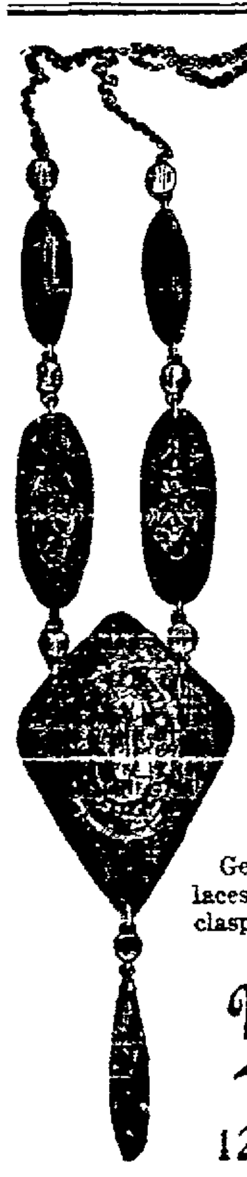

The women's committee members are: Mrs. W. S. Peters, San Leandro, chairman; Mrs. A. D. Thomson, Piedmont; Mrs. Cora E. Jones, Oakland; Mrs. J. S. Emery, Emeryville; Mrs. Roy E. Gilson, Oakland; Mrs. G. Beck, Livermore; Mrs. Phillip Teller, Alameda; Mrs. William E. Colby, Berkeley, Mrs. Sarah Borland, Oakland; Mrs. John A. Park, Hayward; Mrs. Lucy Barker, Elmhurst, Mrs. A. C. Christensen, Melrose, Mrs. L. C. Grasser, Fruitvale; Mrs. J. E. Thane, Niles, and Mrs. Mary Locke, Albany.

WANTS COMPETENCY RESTORED

SAN FRANCISCO, Sept. 30.—Mrs. Thomas Holdsworth, the widow of the late Captain Thomas Holdsworth, who claimed to have been hypnotized by Dr. Arthur Fournier some time ago, applied for restoration to competency today. She charged originally that Dr. Fournier had waved a wand in front of her and that she had deeded him her property. Later he deeded it back to her, and more recently her niece, Harlette W. Hall, obtained letters of guardianship over her. She now seeks to be given control of her property.

KODANI'S TRIAL SET.

SALINAS, Sept. 30.—George Kodani, confessed slayer of Miss Helena Wood-Smith, landscape artist, at her home in Carmel, yesterday entered a formal plea of "not guilty" when arraigned on a charge of murder in Judge B. V. Sargent's court in Salinas. The case was set for trial October 13. It is believed the Japanese will plea insanity, as it is said that his rambling claim of self-defense, made at the time of his confession, could not be expected to carry conviction to the minds of jury.

KEY ROUTE ASKS USE OF TWELFTH

Request to Continue Service Is Report to Mayor.

The continuance of Key Route train service in Twelfth street to Broadway, without a transfer at Poplar junction, was the subject of a communication filed with the city council today by W. R. Alberger, vice-president and general manager of the San Francisco-Oakland Terminal Railways, in which the hope is expressed that the company will not be forced to change the present service.

The communication was referred to Mayor Frank K. Mott who will report to council in a few days. Mayor Mott has expressed the opinion that by permitting the company to run its Key system trains down Twelfth street the city is in effect granting a [illegible] return therefor [illegible] the [illegible] service. Mott believes that this is a valuable privilege, and that there should be a substantial return to the city. Many merchants in Twelfth street have petitioned that the service be continued, and the matter has been discussed by various commercial bodies.

The permit to run the trains down Twelfth street was granted as an emergency measure during the reconstruction of the roadbed in a portion of Twelfth street. The construction work has now been almost completed, and the temporary permit expires tomorrow.

"PUBLIC IS SATISFIED."

Alberger's letter to the council follows:

"The Twelfth street Key Route service that has been in operation during the last two months appeals to the traveling public. It increases their comfort and accommodations. There are no longer the continuous complaints received when the enforced transfer at Poplar and Twelfth streets was obligatory.

"It is universally conceded that this service is an advancement in Oakland's transportation facilities, and we believe that it would be taking a step backward to return to the former service and to force thousands of our citizens to submit to the hardships of the Poplar street transfer during the winter months.

"We think it would be particularly unfortunate to submit to the inconvenience of this transfer the large number of visitors which we believe the Panama-Pacific Exposition will bring to this section from February on. As this company is the only one of the transbay carriers which has undertaken a direct [illegible] from the exposition grounds in Alameda county, it is obvious that a return to the old arrangement on Twelfth street would entail an annoying and absolutely unnecessary transfer on the part of practically all the visitors who desired to come to the business center of Oakland from the exposition grounds.

"We believe the interests of all the people are best protected by the Twelfth street service that we wish to continue, and that the many inquiries we are receiving should be publicly answered by an announcement of the determination of the question. We confidently rely on your approbation and support in this procedure."

Don't Be Misled if You Have Tuberculosis

No specific has been discovered for Tuberculosis, but Eckman's Alterative has been successful in many cases. Read of this case:

393 Seventh Ave., New York

"Gentlemen: Five years ago last August I was taken to St. Francis Hospital to be treated for Bronchitis and congested lungs. After several weeks' treatment I was advised by the doctor to go to a convalescent sanitarium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my case Tubercular, and gave me a certificate to that effect. I showed the certificate to Father Stark, and he advised me to take Eckman's Alterative. I took it faithfully and soon found myself free from night sweats and fever. I have not taken the Alterative now for two years, and can truthfully say I am well. I feel better and am stronger than before my sickness." (Abbreviated).

LIBRARY CLUB TO MEET.

SKETCH CLUB MAY ADOPT NEW NAME

Expanding Influence of the Organization Necessitates Better Title

Both good painters and bad around the bay are interested in the fact that the Sketch Club of San Francisco has called its active members for a special meeting next Saturday afternoon to consider the advisability of changing the name and incorporating. Belonging to this group which has become the most vital and the strongest art organization in the vicinity are many Oakland and Berkeley devotees of the brush. At the start the Sketch Club was a slight affair composed of women with no madly exalted nor feverish ambitions as a body. It has suddenly expanded beyond its original spirit, grown winged aspirations, outgrown its quarters and its name.

Some time ago the old "art" institutions fell from their high glory and fossilized into protective bureaus for daubers. As a result the surviving interesting painter-talent out here enrolled with the Sketch Club. And now that the future of this club appears to be the future of art in the State (as the Southern California painters are all of Maine, New Jersey and Rhode Island) the necessity is felt for a dignified and poetic name, less limited and casual than the title it now exists under.

The annual exhibition of the Sketch Club will be held from November 8 to November 22 in the club rooms at the Studio Building on Post street. Other events on the calendar this month will be a talk on "The Use of Travertine as an Aid to Architecture," by Paul E. Denivelle, supervisor of Texture and Modeling at the Panama-Pacific Exposition; and an exhibition from October 17 to October 31 by Geneve Rixford Sargeant.

HOME CLUB EVENT.

The presentation of "Prunella" or "Love in a Dutch Garden," by the same cast from the San Francisco Players' Club, which so successfully played the fantasy recently in Berkeley, will attract a throng of members and guests to the Home Club tomorrow evening. Following the charming little drama, dancing, cards and an informal buffet supper will conclude the affair. Mr and Mrs. Traylor Bell, the host and hostess of the evening, will be assisted in receiving by Mrs. Q. A. Chase, Mrs. Harry Carlton, Mrs. W. H. Bohick, Mrs. H. S. Aldrich, Mrs. W. E. Beck, Mrs. Elmer Brinckerhoff, Mrs. George Banzhaf, Mrs. C. W. Bolles, Mrs. B. W. Bours, Mrs. Harmon Bell, Mrs. F. F. Barbour, Dr. H. S. Aldrich and others.

The first guest-afternoon of the month at the Twentieth Century Club will be Tuesday, October 6. Following a business session of brief duration Miss. Blanche Morse will analyze "Social Values in Education," also readings from "Yermah, the Dorado" will be given. Another and a unique feature will be a discussion of "Mount Lassen, the Master Mountain," in which Mrs. Frederick Colburn will expatiate on its present activities and Mrs. Daisy K. Adams will visualize its imaginary upheaval. After this volcanic climax the usual informal reception and tea will conclude the program.

Tuesday night, October 20, is announced as "Gentlemen's Evening," and on this occasion "La Passerelle," an original comedy in three acts by F. de Grisac and F. de Croisset, will be presented by the Players' Club of San Francisco Century Club. Dates arranged for the latter part of the month are October 16, when the club will act as hostess to the women of Berkeley; and October 22, when a benefit card party will be given at the clubhouse.

At the former meeting the Redlight Injunction and Abatement measure and the Dry California Amendment will be discussed by competent students of the questions. The committee planning the details of the card party is composed of Mrs. Ormond Smith, Mrs. W. B. Gester, Mrs. J. L. Chaddock, Mrs. E. A. Nickerson, Mrs. W. W. Hunt, Miss M. X. Mooney. For October the club hostesses are Mrs. W. W. Hunt and Mrs. Ormond Smith; tea hostesses, Mrs. K. M. McLaughlin and Mrs. H. J. Knight; decoration committee, Miss M. X. Mooney and Mrs. A. F. Hockenbeamer.

Tomorrow morning two of the Twentieth Century sections will hold meetings, the group engrossed in Shakespeare and the Writers.

CASA GUIDI CLUB.

The Casa Guidi Club at the regular meeting to be held next Friday afternoon will discuss the theory of life evolved by Will Levington Comfort in "Down Among Men." Following a review of the book by Mrs. H. B Breckenfeld, Mrs. A. H. Stocker of Oakland will analyze its philosophy. On October 13 the ideas of the Prophet Amos on social justice will be considered.

ADELPHIAN UNION MEETING.

The Adelphian Club of Alameda will hold a union meeting tomorrow which promises to be of unusual interest, as it is a "Chinese Afternoon." Following an address by N. G. Pong Chew, the Chinese editor and lecturer, on "The Problem Before China," gifted young girls from the Chinese Mission in San Francisco will be heard in musical numbers. The hostess of the day, Mrs. L. L. Gillogly, will be assisted in receiving by Mrs. Herbert D. Clark, Mrs. Charles Burgner, Mrs. E. A. Barnes, Mrs. Charles A. Bradford, Mrs. Chester G. Chipchase, Mrs. Will P. Edwards, Mrs. F. Gottfried, Mrs. Arthur Hammersmith, Mrs. Walter Garrett, Mrs. Henry Rosenthal and Mrs. W. B. Waycott.

Tuesday evening, October 13, will be the date of the second of the series of three special concerts held by the Adelphians, Arthur Conradi, the distinguished violinist; Henry Perry, the well-known baritone, and Uda Waldrop, the equally well known pianist, will be the artists on the program. The third of these concerts is scheduled for November 3d.

The first of a series of three subscription dances arranged by the social section, of which Mrs. S. J. Ackerman is curator, will be given Thursday evening, October 15. The remaining dances will be held on November 19 and December 17 respectively.

A section for the study of French is to be organized under the auspices of the Adelphian Club by Madam Shipley of Oakland.

TEA CLUB PLANS.

The regular monthly meeting of the Tea Club, which falls on the first Monday of the month, will be omitted for the Guest Day planned for October 20. The club will be entertained at the home of Mrs. W. B. Stephens on Bay street.

ALYCON CLUB MEETS.

The Alycon Reading Club met last Friday at the residence of Mrs. J. H. Nobham on Everett street, to take under consideration "The Making of the Morning Paper." "The Origin of the First Newspaper" was described by Mrs. C. A. Bain, and the story of "Elizabeth" by Owen Oliver was read by Mrs. W. J. Fisher. The humorous feature of the afternoon consisted of "The Comin' Column of Fashions" and the "Free Advertisements of Clubwomen."

ADDRESS RESEARCH CLUB.

The Research Club of Alameda heard an enlightening talk on peace by Robert Cromwell Root, State Secretary of the California Peace Society, last Monday afternoon. There was a large attendance of members and guests at the meeting, which was held at the home of Mrs. G. H. Anderson on Central avenue.

NEW DRAMA CLUB MEETS.

The New Drama Club, meeting last Wednesday, with Miss Charlotte Brush, took up John Galsworthy's "Little Dream." The club's next meeting, which will be a guest day, will be held on the second Wednesday in October at the residence of Mrs. Charles Lewis.

MILLS ASSOCIATION TO GATHER.

The Mills Association of Alameda county will meet at Mills College next Thursday afternoon for an informal home-coming and a social hour with the faculty, seniors and juniors. Officers of the club are Mrs. Wm. N. Friend of Oakland, president, and Mrs. Wells Drury of Berkeley, secretary.

PIEDMONT CIVIC CLUB.

At the regular meeting of the Piedmont Civic Club next Friday afternoon at the Piedmont avenue school, "California Dry" will be presented by Mrs. Sarah Borland, who is campaigning energetically among the clubs for prohibition. A number of candidates who qualified in the recent election will also address the meeting.

GROSS SURE WINNER, STEPHEN T. GAGE SAYS

Stephen T. Gage, one of the best-known men in California, has just passed his 83d birthday, and is commemorating the event by taking a trip East to his old home in Ohio.

For many years Gage was one of the leading politicians in this state. At all the old-time conventions he was the central figure, and his power as a leader was acknowledged by all. Although long since retired from active participation in things political, Gage keeps fully informed as to current events.

Stephen T. Gage is the father-in-law of City Auditor George Gross, and up to the time of his departure took a great interest in the campaign of his son-in-law for county clerk. He fully intended to remain here and help all he could in the election of Gross, but, after sizing up the situation, he declared that Gross was a winner and could get along very well without his older relative's help.

"George is going to win that county clerk's fight, and that's all there is to it," said Gage at the Sixteenth-street depot just before his train pulled out. "I have not done any politics for many years, but I see enough votes coming George's way to insure his election and he don't need me."

That settles it.

From all over the county reports are coming to headquarters of people strong in influence in their respective territory who are out to work for the re-election of M. J. Kelly.

One of the latest to declare himself is Ed Hensley, vice-president of the Republican Club of Allendale, who is popularly known as "mayor of Allendale.

"I am only too glad to announce that I am very much in favor of Kelly to succeed himself," said Mayor Hensley. "I have made my choice only after carefully considering the merits of the candidates. There is no reason in the world to even suggest a change in the county treasurer's office. Kelly has done all that can be expected of any official, and he has given all his time to the duties devolving upon him. I have no doubt whatever of his election by a big majority and this opinion is growing stronger daily as I canvass my friends."

LECTURE FOR REALTY MEN.

The first fall luncheon of the Oakland Real Estate Association will be held on Friday, according to announcements issued by the executive committee today. William Woodhead, president of the Associated Ad Clubs of the World, will be the speaker. He will discuss advertising in all its phases, deal with problems confronting the realty dealer through different sources, and will outline remedies for many evils. The affair will be in charge of Fred E. Reed, H. A. Lafler and Glenn C. Barnhart.

WHY NOT PUBLISH IT?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru, Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." Lawn Trouble?

If you are having trouble with your lawn, send for last Sunday's issue of THE TRIBUNE'S Garden Department, which will tell you what to do for it.

Planning for the Stork's Arrival

Among those things which all women should know of and many of them do, is a splendid external application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

At any rate it is reasonable to believe that since "Mother's Friend" has been a companion to motherhood for more than half a century no more timely advice could be given the inexperienced mother than to suggest its daily use during expectancy.

Ask at any drug store for "Mother's Friend," a penetrating, external liquid of great help and value. And write to Bradfield Regulator Co., 302 Lamar Bldg., Atlanta, Ga., for their book of useful and timely information to expectant mothers. It contains many suggestions that are of interest to all women.

UNITED IMPROVEMENT CLUBS HOLD MEETING

Motions, reports and resolutions formed the program of last night's meeting of the United Improvement Clubs East of Lake Merrit. First came a protest voiced by E. Neppach and A. P. Stefvator against the appointment of Water Expert Dockweiler. The position was declared unnecessary, as the city had turned over to the state railroad commission its rate-fixing power. A communication to that effect was ordered sent.

Then Clement H. Miller rose, asking that the city council be requested to drop the long-standing water suit. An amendment to Miller's motion was accepted, and the railroad commission will be approached for information prior to further action in this matter.

The supervisors, too, are going to be memorialized with a prayer to appoint as inspector of weights and measures to control the dealers and shopkeepers and make them give honest weight for honest money.

The postmaster of Oakland is going to be roasted to make the Fruitvale district branch the general and direct delivery office for East Oakland.

Dr. Wallace gave a resume of the work done by the federation budget committee. He pleaded for municipal ownership and stated that a consolidation of city and county government would help in bringing down the expenses of government.

At a late hour, A. Kayser from the Progress and Prosperity committee of the Oakland Chamber of Commerce addressed the federation on the establishment of two municipal markets, one on the east side and one on the west side of Lake Merritt. His suggestions and recommendations were endorsed by the United Improvement Clubs East of Lake Merritt.

SPANGENBERG ESTATE TO BE EQUALLY DIVIDED UP

Efforts on the part of Rudolph Spangenberg of 1823 Summit street to retain the bulk of the $75,000 estate left by his father, Ferdinand Spangenberg, to the loss of his six brothers and sisters, resulted today in his being forced to make an equal settlement through a decision of Superior Judge Stanley Smith.

Prior to the death of the parent in New York, in 1902, the six adult children signed an agreement that no matter what disposition of his property their father made in his will, they would stand together for an equal division. The will bequeathed the greater portion of the estate to Rudolph and he as executor, refused to divide equally with the others. [illegible] which have been pending in the courts for several years. The other heirs who will now receive a larger portion of the estate than was given them in the first place are Mrs. Belle Paull, Martha S. Prauser, Flora M. Hess, Helma A. PROGRESSIVE FRAUDS SHOCK THE STATE

John W. Stetson, Arthur Arlett and Charles E. Snook, purity committee of the Progressive party of Alameda county and lily white politicians, stand up.

You appeared before the Board of Supervisors recently declaring that all the honesty and purity in politics belonged to the Progressive party, and that the Republican leaders of this county were a band of crooked pirates.

What do these three lily white Progressives now have to say about the forgeries, crookedness and fraudulent work of the representatives of the Progressive party now being exposed in the Superior Court?

From the testimony adduced in the contest between George E. Gross and John Cook, now being heard in the Superior Court, it has been established beyond doubt that wholesale Progressive frauds were perpetrated in the primary election contest in Alameda county. Forgeries were committed by scores, names of voters who had left the city or were not registered were voted shamelessly and openly, even the name of one dead man was voted and a convict at San Quentin was utilized for the purpose of allowing some criminal to cast a ballot, and to crown all this infamy, in one precinct at least, the roster of the voters has been sequestered in an attempt to cover up a trail of guilt.

So far in the inquiry it has been demonstrated that these frauds were committed by Progressive men.

District Attorney Hynes is registered as a Progressive, but that fact should not stand in the way of his doing his full duty which consists in having these villains, no matter who they are or how many there are, indicted and prosecuted to the full extent of the law. District Attorney Hynes is bound under his solemn oath of office to take cognizance of these conditions and equally bound to start action immediately. Already some of the men engaged in the despicable work have fled the city. They should be hunted down and brought to the bar of justice. There should be no further delay that others may escape; the time to act is now. Alameda county has suffered too much as a result of this sort of conduct. The registration was falsified by hundreds and men and women who had enrolled as Republicans were made the victims of an attempt to disfranchise them through methods that would have brought a blush of shame to a Tammany ward heeler's face. Now it is discovered and proven beyond any doubt that scores of frauds have been perpetrated at the ballot boxes.

Something must be done. An outraged public sentiment will not brook any delay, any attempt at evasion of duty or any attempt at shielding those who have been guilty of these base offenses against law and decency.

District Attorney Hynes, the people of Alameda county expect you to do your duty in this matter and will listen to no excuses for not doing it.

John W. Stetson, Charles E. Snook and Arthur Arlett, representatives of Hiram Johnson, stand up and explain, if you can, these outrageous Progressive frauds.

Abolish That "Switchback."

The attention of the city authorities has been several times called to the fact that the "switchback," crossover, or whatever its ethical term may be, on Broadway between Tenth and Eleventh street, maintained by the Oakland Traction Company, is illegal and contrary to the provisions of the franchise under which the concern operates. The authorities have paid no attention whatever.

THE TRIBUNE suggests to the Downtown Assocation that it will be a good idea for its membership to employ counsel and take the matter into the courts. Lower Broadway is entitled to a street car service and it is unfair to the section mentioned to have cars stopped at the point indicated, passengers thrown off in the street and the cars shunted to and fro in order to change direction.

Inasmuch as the city authorities have failed to grant the relief to which the public is entitled, the next best thing is to take the matter into the courts where justice can be obtained and the sooner this is done the better it will be for the territory covered by the Downtown Association. When city authorities decline to do their duty the courts should enforce the law. What do the city officials owe to the Traction Company that they cannot enforce the law and protect the downtown merchants?

That masked bandit who held up a bank within one hundred yards of the Utah State Penitentiary and escaped with $1525 is evidently a firm believer in the couplet that: "Stone walls do not a prison make, nor iron bars a cage," for he appears to have been undeterred by the proximity of a prison.

Alma Good of Knights Landing complained to the San Francisco police that one dance cost him $20. Good must have been in bad with the orchestra.

Get on the Registration Lists.

But four more days remain for non-registered voters to get on the lists and qualify for the general election in November. While the registration in the state and this county is gratifying, there are still scores of men and women who have neglected to perform the important duty and it is to this class this reminder is made.

The Republican registration throughout the state and county has been immense. The number of Republicans who have qualified to vote for the redemption of California from so-called Progressive rule has been large and gratifying. Alameda county has enrolled with the other counties of the state and will give the Republican candidates a plurality. But there are many Republicans who have neglected to enroll. Other matters have no doubt been responsible for this apparent apathy. But now there can be no longer any delays. IN ORDER TO VOTE AT THE GENERAL ELECTION, ELECTORS MUST GET ON THE LISTS BEFORE THE REGISTRATION CLOSES NEXT SATURDAY.

THE TRIBUNE urges every Republican in Alameda county to register AT ONCE. Other cities and counties are reporting increases, and the lists have been augmented here since the primary. But that is not all sufficient. Every Republican, man and woman, should be on the lists when the registration closes October 3.

Governor Johnson is quoted as having said Southern California is the battleground of the campaign. This being true, Hiram can call it Phillipi or Waterloo, just as he chooses.

However, if Carranza and Villa do bury the hatchet as they have virtually agreed, it is a two to one bet each leaves the handles sticking out.

Dropping bombs on convents and school houses may be civilized warfare, but there are a number of us who lived long enough in Missouri to become acclimated.

What a joyful thing it must be to have champagne cellars in which to hide while the enemy shells the city, as was the case at Rheims.

Governor Johnson Strikes Snag.

In "giving an account of his stewardship" Governor Johnson this week invaded San Bernardino county. He was not accorded the cordial greeting he expected and so far as can be learned from newspaper accounts of his speeches did not answer the demand made upon him for an explanation of his conduct with respect to Amendment No. 1, through which San Bernardino county claims to have been mulcted of $293,000. This amendment is the law under which taxes are collected for the support of the state government. San Bernardino county claimed it only levied on 3.9 per cent of the property in Modoc county and on only 3.4 per cent in Humboldt, but down there it was levied on 33.7 per cent.

At the last session of the legislature a bill was introduced at the request of the supervisors of San Bernardino and was backed by the legislative delegation, the measure providing that the county might go into court for the purpose of establishing a claim against the state for its losses under the amendment. This bill passed both houses but was given a pocket veto by Governor Johnson.

In Stockton the governor gave some "concrete examples of Progressivism," citing Amendment No. 1 as one of the greatest measures on the books. He assumed responsibility for it. Recalling this, one of the leading papers in San Bernardino County asked him to explain why he vetoed the measure for local relief under this beneficent law, and to tell the voters and taxpayers why they were discriminated against.

Careful perusal of the reports sent out from that section fails to reveal any answer on the part of the governor. The moral seems to be: When in a county hard hit by taxation, say nothing about it, and when in localities not hard hit, boost the law.

Although the coal mine operators of Colorado have declined to submit their difficulties to the arbitration commission suggested by the president, the latter has hopes of bringing about an agreement. The rock on which the plan split is said to have been the demand for reinstatement of old employes not found guilty of violation of law and the recognition of the unions. The companies claimed the first could not be brought about, because they are now working full handed, and refused the second for reasons they have hitherto stated; that they do not propose to recognize any organization, but will deal with the individual workmen.

DILLON AND KING WILL RETURN NEXT SUNDAY

"The Speed Limit" is the vehicle chosen by Dillon and King for their opening attraction at the Columbia, commencing with the matinee next Sunday.

The new company, while containing several of the old favorites, has been strengthened and enlarged. A chorus of eighteen girls will be a feature of the productions to be staged from week to week by the popular fun-makers. Among the principals, the familiar faces of the following will be seen again: Ruby Lang, George Spaulding, Vilma Stech, Jack Wise, Vera Vaugn, and Madeline Mathews.

"The Speed Limit" is a brand new comedy replete with novelties. The piece offers splendid opportunities for fun-making to Dillon and King and their players.

The Prize Country Store will continue to be the Monday night feature with chorus girls' contest on Friday evenings.

BURNED BY MILK.

SAN FRANCISCO, Sept. 30.—John Uglione, a cook at the Cliff House, was painfully burned when a cauldron of hot milk was spilled over him this morning. He was treated at the Park Hospital.

SAN FRANCISCO FIRM ENTERS OAKLAND FIELD

An important deal has been consummated by Herman Rittigstein, leasing manager of the Laymance Real Estate Company, in the leasing of a large store on Washington street, between Twelfth and Thirteenth, in the Durst building, to the New York cloak and suit house of San Francisco.

Special significance attaches to this transaction in that an old-established, large San Francisco firm at this time shows its complete confidence in business conditions here by opening an Oakland store to take care of their large following in the bay cities. They have already sent their buyers to the Eastern markets to secure the latest merchandise for the opening of their Oakland store. The plans for the local store call for a magnificent interior and the contracts have been let for an elegant arcade front of unusual arrangement, and the latest French gray cabinet fixtures. The New York cloak and suit house promises to make a notable addition to Oakland's fine women's shops.

Twenty Years Ago Today

The Woman's Suffrage Club will hold a meeting at Frumvale Hall.

At the twenty-fifth anniversary of the establishment of the Pacific Theological Seminary of this city, there will be an open meeting at the First Congregational Church at which addresses will be made by Professor George Mooar, D. D., Professor H. C. Minton, D. D., and Rev. C. Merrill.

N. Ayer of East Oakland is on his way to Washington, D. C., where he will complete his law studies.

The Republican County Central Committee is not the least worried over the cry of the Democrats that the nominations made by acclamation at the Hayward convention are illegal. The Republican leaders say that it is only a Democratic scare and they will meet the issue squarely.

The Populists will hold a meeting in Mills Tabernacle. Louis Luckel, candidate for attorney-general, and Rev. S. Goodenough, candidate for the assembly, will be the principal speakers of the evening.

The monthly report of the Chief of Police showed 220 arrests. The expense for meals was $106.25—an average of 3½ cents.

The annual meeting of the Associated Charities was held in the chapel of the First Presbyterian Church. In the report of the superintendent, Mrs. H. K. Kelley, a wood yard was strongly recommended. A board of directors was elected as follows: A. J. Ralston, R. Wiland, Mrs. D. S. Hirshberg, Mrs. S. C. Boriand, Rev. J. K. McLean, James A. Johnson, Dr. R. W. Meek, M. J. Keller, Mrs. C. H. Reddington, Miss Grace H. Palyter and R. C. Dick.

FRESNO CLOSES SHOP FOR DISTRICT FAIR

FRESNO, Sept. 30.—In honor of Fresno day, local merchants closed their stores this afternoon to visit in a body the eighth annual district fair, which opened yesterday. Agricultural, viticultural, and horticultural exhibitions represent the principal towns and organizations, and industries of the county, but the special feature this year is a very large and complete stock exhibit of more than $500,000 value.

Entertainment today consisted of special races and brilliant display of fireworks to be set off this evening. Tomorrow, a huge balloon, equipped with nine auxiliary bags, will leave Fresno for a non-stop flight to New York, the first experiment of the kind ever made. The all-around championship meet will also take place tomorrow.

Events of Friday will be the California championship track and field meet, at which athletic stars of the coast will compete; and evening fireworks. On Saturday, "Automobile day," Earl Cooper and other drivers of national reputation, will race for a purse of $4000

Greeted by Boosters Had Long Auto Trip

FRED MASON.

Greeted by Oakland boosters, merchants and business men, Fred Mason, vice-president and general manager of the Shredded Wheat Company, who is to head one of the city's greatest manufacturing plants when the plans of his firm for its big Oakland factory are completed, arrived here today. Driving an automobile, in which he came through muddy roads, deserts, and garden spots in his trip from the East, he pulled up at the Hotel Oakland only a short time before he was introduced to the business men of Oakland at the big luncheon held in his honor under the auspices of the Chamber of Commerce.

Mason was in good spirits, despite his long trip. He praised the city, the Hotel Oakland, and discoursed animatedly on commercial matters, crops, and on sights seen during his motor trip here. He jokingly told of having been delayed at Reno, when his machine became mired. He placed a sign on his auto at the time, reading "Oakland or Bust."

"Well, I got here," he declared, "and didn't bust."

Fully three hundred business men gathered in the banquet hall of the Hotel Oakland at 12.30 o'clock to greet the distinguished visitor. Edward F. Trefz, field secretary of the National Chamber of Commerce, shared the affair with Mason as one of the guests of honor. Trefz continued his address of yesterday, going into detail as to the work of the national organization. He and Mason had met in the East, and greeted each other warmly. Mason spoke on the commercial possibilities of the city, of the aims of his firm, and also complimented Oaklanders on their city and its achievements.

The Shredded Wheat Company is one of the biggest concerns of its kind in the United States, and the proposed Oakland factory, details of which will be decided by Mason while on his visit here, will be one of its largest producing departments.

CREETED BY CROWD.

A large crowd was on hand when Mason's automobile pulled in before the Hotel Oakland. He was attired in a long linen duster, and was rushed into the hotel and for more than half an hour was busy shaking hands with business men before he finally got to his room to prepare for the luncheon.

"I started out prepared to be a live Pacific Coast booster," declared Mason, "and the further west I got the better booster I became. There is no doubt about it, you have the country out here, and from now on it is going to be my country. The roads from Reno in were splendid, the scenery good, and all around were indications of prosperity. It takes an easterner to notice these things. You are used to them."

John T. Scott, chairman of the manufacturers' committee, presided at the luncheon today in the absence of President Jonas, of the Chamber of Commerce, who had another engagement.

Mason, in his address, made several important announcements, one to the effect that Fred M. Clough, a local capitalist who, he said, was the man who located the Shredded Wheat factory in Oakland, is to be a director of the new concern. He also announced that Harry Cheney was to be the architect and that plans will be completed by tomorrow.

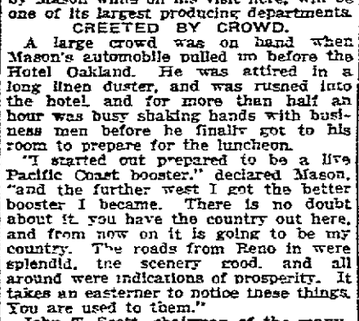

"The full credit of locating the factory here is due to Mr. Clough," declared Mason. "We did not select Oakland for sentimental reasons, but because we knew that we could get everything we wanted here. We expect to grow with the city and I will not now make any boasts lest you think later some of them have not been fulfilled."

Mayor Frank K. Mott formally welcomed the visitor to Oakland.

WHAT WOULD YOU DO?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O E. Sargent, Peru, Ind., says: "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by Osgood Bros. Drug Stores.

BURGLAR LOOTS HOME.

SACRAMENTO, Sept. 30.—For five hours last night a burglar—a "gentleman" burglar—dressed as though for a party, ransacked the home of former Mayor F. P. Comstock, 1629 G street, and during all that time Miss Sophie Comstock and Miss Gladys White, her friend, knew the burglar was at work in the house, but could not locate him.

The burglar thoroughly ransacked the front portion of the house. The full value of his booty the Comstocks do not know.

MYSTERY BAFFLES OFFICERS

VILLA MEETS CARRANZA AGENTS

Prospects of Mexican Peace Improve as Parley Begins.

MEXICO CITY, Sept. 30.—While the general session of southern chiefs is being held in Mexico City, another conference is being conducted today at Zacatecas. In this latter meeting a special commission appointed by General Carranza and headed by General Obregon will discuss with representatives of General Villa the differences existing between Villa and Carranza. The preliminary session of the Zacatecas conference was held this morning.

The general sessions of the southern chiefs, which will be held in the capital, will not be formally opened until Thursday. General Carranza will preside, and the meetings, which may last for several days, will be secret. The question of the resignation of General Carranza and the naming of his successor will be decided by this body, which will exchange information concerning the proceedings with the northerners.

Four hundred and eighty-eight bars of bullion, valued at two million pesos, were seized by government officials yesterday at Buena Vista railway station. It is claimed that the bullion was being secretly shipped out of the country by members of the Cientifico party. Six mining companies have put in a claim for the bullion.

VILLA IS HOPEFUL.

EL PASO, Sept. 30.—General Villa, on his way yesterday from Chihuahua City to meet General Obregon and others of the Carranza delegation, expressed optimism as to the happy result of the pending conference in a telegram received by agents here. Villa telegraphed as follows:

"I declare that all is working satisfactorily, and we hope soon to reach a patriotic understanding which will assure peace in the republic."

REPORTS OPTIMISTIC.

WASHINGTON, Sept. 30.—Optimistic dispatches from the Consul Silliman and the Brazilian Minister at Mexico City caused Secretary Bryan to inform President Wilson that the prospects for restoration of permanent peace in Mexico were brighter than at any time since the overthrow of Madero by Huerta.

In the light of all advices both from Mexico City and Chihuahua City, General Villa's headquarters officials here still are confident that the new upheaval threatened by the breach between Villa and Carranza will be averted by the latter's retirement as first chief of the Constitutionalists and the election of Fernando Iglesias Calderon as provisional president.

The state department was notified that the peace commissioners appointed by the two Constitutionalists chiefs would hold their meeting at Torreon today. This gave rise to the hope that the conference would be able to agree upon Calderon as the provincial president in time to have their action placed before the convention to be held at Mexico City tomorrow to set up the new government.

RELIGIOUS QUESTION.

It is understood that one of the first matters to be brought to the attention of the provisional president when he is selected will be the attitude of those now in power toward the Catholics. A demand for full religious liberty for all American citizens probably will be made.

The Dutch Minister, W. L. F. C. Van Rappard, conferred with Secretary Bryan in regard to the Dutch oil interests in the Tampico district of Mexico. These suffered greatly from political changes and the minister was somewhat apprehensive as to the probable effect upon them of another revolution. Secretary Bryan believes that there is little danger of interference with the oil interests.

The text of the communication sent to General Carranza by the military officers and civilians of the division of the north, Villa's division, appealing to him to resign in favor of Calderon, was made public by the state department last night.

VILLA GOES SOUTH.

TORREON, Mex., Sept. 30.—General Villa has left here for Aguas Calientes, where he expects to meet General Obregon, head of the peace commission from Carranza. Villa has received hundreds of mesages from army officers urging him to make a peaceful settlement with Carranza.

Bankers End Time-Honored Forum of Berkeley Citizens

BERKELEY, Sept. 30.—Berkeley's time-honored forum, where fortunes have been made and lost, candidates boosted or beaten, and the affairs of city and state settled more times than once, is to be no more. Artisans this morning clamped to the brass railings in front of the First National Bank rows of spikes that will effectively prevent statesmen and capitalists from poising there for future discussions.

For years these brass railings have been the gathering place of persons of importance. State Printer F. W. Richardson has sat there. Then there has been Charles H. Spear, Mayor Charles D. Heywood, Max Thelen and John M. Eshleman of the State Railroad Commission, who have paused there at times, and President Benjamin Ide Wheeler, it is whispered, once leaned against the inviting rest.

Of late months, however, since the affairs of the campaign have kept Richardson and others busy, the railings have fallen somewhat into dispute, and all sorts of the hoi polloi have occupied these seats of the mighty. Hence, apparently, the rows of spikes.

YOM KIPPUR HAS OBSERVANCE HERE

All Synagogues Throughout City Hold Services for Atonement Day.

At sunset last evening Kol Nidre services were held in all the Jewish houses of worship and the devotions continued today, when Yom Kippur was observed in all the synagogues throughout this city. Simultaneously with the services here, the followers of that faith congregated in the temples throughout the world. Prayers were said for the dead and the beauty of Judaism was revealed in song and story. From sunset to sunset tonight the devout will deny themselves food and all business will cease.

According to the Jewish calendar, Yom Kippur, or the Day of Atonement, is the holiest of all the holidays. Ten days ago the Jewish New Year was commemorated. Upon that occasion all the stores operated by Jewish merchants suspended business and the same rule was carried out today.

In all the sanctuaries the souls of the worshipers were moved by the sermons, the prayers and the psalms, which were of a high liturgical nature. The sacred words of the scriptures were recited by the rabbis and the inspiring music added to the solemnity of Atonement day.

In Temple Sinai the members of the First Hebrew Congregation assembled last evening and today, when Rev. Dr. Friedlander officiated at the services. He selected as the text of his sermon "The Burning Bush." A double quartet sang the ancient Hebraic anthems and psalms in Hebrew and English. Miss Margaret Bradley, organist, arranged the musical program. The quartet was composed of Miss Charlotte McMahon and Miss Esther Mendell, sopranos; Mrs. J. S. Mills and Mrs. G. W. Hall, contraltos; Hugh Williams and A. E. McMullan, tenors; Lowell Redfield, baritone, and Charles Lloyd Jr., bass.

BETH JACOB TEMPLE.

In Beth Jacob Temple, Ninth and Castro streets, Professor William Popper of the University of California delivered the sermon, and Cantor F. Janashefsky sang the psalms. The synagogue was filled and the orthodox customs prevailed throughout the services. At 9 o'clock the temple doors were opened and all day the pious ones fasted.

Special music was given in Beth Jacob Temple last evening, when the worshipers appeared with silken tulsas, insignia of orthodoxy, draped over their shoulders. The traditional tulsas is not worn in the reformed congregations, where many of the ancient forms are no longer practiced.

The Kol Nidre services last evening commenced in the Temple Sinai at 7:30, and even before that hour the members of the congregation were in their pews. Every seat was occupied and today many were unable to secure them. The representatives of all the auxiliary fraternities and societies of the First Hebrew Congregation were present and the scene in that house of worship was very impressive. The children of the Sunday school were seated in boxes, which were built on both sides of the choir loft. The boys of the school were in one box while the girls were accommodated in the other. There were about 60 little folks in those boxes, where perfect order was maintained during the devotions.

The Kol Nidre services in Temple Emanuel, San Francisco, began at 7 o'clock last night and they were resumed at 10 o'clock this morning, when Rabbi Martin A. Meyer spoke upon "Jew and Jew." At the memorial services he preached on "Facing Fate."

In the congregations of San Francisco the Yom Kippur observance was similar to that carried out in this city.

SHORTHAND IN PRIVATE CLASSES

Ilsen Shorthand Institute Arranges for October Class.

To learn shorthand, typewriting and business methods in a small private class with a large degree of individual guidance appeals to the young woman who aspires through unusually efficient training to attain the better position as an office assistant. To accommodate those who desire such a training, the Ilsen Shorthand Institute is arranging for a small group to take up the necessary studies the first week of October.

This day class is restricted to young women—a limited number. The instruction is simple, direct, and free from educational fads. Its efficiency may be judged from the fact that the school is now entering on its fifteenth successful year.

The refined surroundings, the courteous and inspiring guidance of scholarly, highly trained instructors, have attracted the best class of students and the favorable regard of parents and businessmen. Application for entrance may be made now.

The school is located at 529 Twelfth street, elevator entrance Blake block, 1121 Washington street.

PEAK ERUPTS VOLCANIC MATTER

Seventeen Balls of Fire Are Counted by Observing Ranger.

MINERAL, Cal., Sept. 30.—Scores of tourists fled from the vicinity of Lassen Peak today, fearful of disaster from the volcano, which, last night, started spouting flame and superheated rock.

Seventeen "balls of fire" were counted by a forestry service lookout on Turner mountain, with an accompanying appearance of burning gases.

Previous reports of flames have not been well substantiated.

AUTO CAREENS KILLING TWO

UKIAH, Sept. 30.—Two persons were killed instantly and three badly bruised and shaken early today in the overturning of an automobile owned and driven by Edward Sanford, a brother of J. R. Sanford, now registrar of the United States Land Office in San Francisco, and long a member of the State Senate.

Freeman Parker and Joseph Sanders were crushed beneath the car. Sanford and two others were thrown clear. The car is said to have been running 40 miles an hour on the new state highway, in the outskirts of Ukiah.

GREAT RECEPTIONS IN THE NORTHERN CITIES

Fredericks and Knowland Address Immense Crowds During Their Tour of State

EUREKA, Sept. 30.—Although this county went for Theodore Bell four years ago, if indications count for anything, it will be found in the Republican column in November. The reception tendered Captain John D. Fredericks, Republican candidate for governor, and Hon. Joseph R. Knowland, Republican nominee for United States senator, last night was of such magnitude that no one who attended can misinterpret the signs of the times. It was the largest political gathering ever held here, and at its conclusion both champions of Republicanism were fairly overwhelmed with tenders of support.

Captain Fredericks and Congressman Knowland arrived shortly after 10 o'clock yesterday and were met at the station by a delegation in automobiles representing the committees of Siskiyou and Shasta counties, at Dunsmuir. Included in the reception committee were Dr. W. W. Barham, Dr. George W. Dwinnell, and Richard Colling, Republican candidate for the state board of equalization. An impromptu street meeting was held at Dunsmuir, at which more than 200 were present. Captain Fredericks and Congressman Knowland dividing the honors. From Dunsmuir the party proceeded by automobile to Weed, the big lumber camp, where a monster meeting was held at noon, the opera house being filled to its capacity, and here the two leaders scored a magnificent success. Captain Frederick's discussion of the workman's compensation act and Knowland's masterly presentation of the tariff issues as applied to the lumber issue were the features.

But the crowning triumph was the great gathering in Peter's opera house here, last night. The house was completely filled, standing room being at a premium. Captain Fredericks riddled the Progressive pretensions and placed the credit for the advanced legislation enacted by a Republican legislature where it belongs. Captain Fredericks related that it was characteristic of the Progressives to claim credit for everything good, from the Decalogue to the sunshine, but demonstrated that California owes to the Republican party whatever measure of praise is due for the betterment of laws.

Congressman Knowland urged unity of action for the Republican ticket for the reason that the state and nation each demand Republican policies put in practice to the end that a return of prosperity may be noted and the people of the land be given the opportunities to which they are entitled.

As a comparison of meetings it may be stated that when Loveland and Bloodgood were here speaking for Johnson, they had an audience of forty persons. Fredericks and Knowland spoke to more than 500, many of whom traveled many miles to listen to the two standard bearers. At Redding, where Fredericks and Knowland will speak tonight, John Francis Neylan of the state board of control only had seven persons in attendance, and cancelled his meeting.

Following the meeting, the party drove twenty miles to Hornbrook, where they will take an early morning train for Red Bluff, where speeches will be made today.

Alluding to a report from Los Angeles that the board of supervisors had ordered an investigation into the secret McNamara trial fund and its disposition, Captain Fredericks said every cent had been audited by the chairman of the supervisors at the time and by the grand jury, and that all vouchers were on file and accessible to any one.

John B. Curtin, Democratic nominee for governor and his running mate, Jo V. Snyder of Grass Valley, spoke at Azusa, El Monte, Pico, and Clearwater, yesterday, winding up with a large meeting at Long Beach. Today the party is in San Diego. This forenoon they were shown over the fair grounds and were guests at a luncheon in the U. S. Grant hotel at noon. Tonight the candidates will address a large rally in San Diego.

Following meetings at Hemet, San Jacinto and Banning, in San Bernardino county, yesterday, Governor Johnson addressed a meeting in Riverside last night.

Arrangements have been made to have Congressman Knowland, F. J. Heney and James D. Phelan speak at a meeting of the San Francisco Center, Saturday, October 3, each speaker to present his claims for the Senate of the United States. Mr. Phelan spoke at Tulare last night and tonight will address a meeting at Hanford.

Arthur G[illegible], president of the Fredericks Commercial Travelers' Club, says that 2300 members are now actively working on behalf of the Republican candidate throughout California. This club was organized during the primary campaign and did effective work.

COUNTY COMMITTEE.

Amid rousing speeches and enthusiastic predictions, complete plans for the coming campaign were launched last night by the Alameda County Republican Central Committee, when meetings were arranged for, routine business completed, the finances of the committee systematized and the entire organization converted into a compact, working machine, which will at once actively begin the work of waging the county's battle for Republicanism.

The work will be handled under the direction of a special campaign committee, of which Walter B. Fawcett will be campaign manager. This consists of Walter B. Fawcett, W. J. Seaborn, Arthur Day, W. H. Foster and W. H. Jordan. Meetings for Oakland, Berkeley and Alameda have been tentatively arranged, and more will be arranged this week by the campaign committee, which is to systematically cover the county arranging for gatherings.

The meeting was held in the new headquarters of the committee at 1010 Broadway, practically the entire body being present. Chairman Clinton G. Dodge presided.

"This is the time for action," declared Secretary Walter J. Seaborn, in outlining the work before the committee. "We have work to do, and we've got to do it now. From now on there'll have to be something doing at these meetings, and we'll have to see that every man does his share."

The appointments to the campaign committee were made by Chairman Dodge, he announcing that these men will be added as ex-officio members to the executive committee, thus assuring their being all all times in touch with every situation arising.

A novel means of campaigning was suggested by Dr. George Derrick, who reported on a plan of forming a "Telephone Club," in which members will telephone all friends urging them to rally to the Republican banner.

"Campaigning," declared Dr. Derrick, "is in this day and times a different matter from the old style of work. You see, the man of this hurried age does not believe in externals. He is not affected by what people say or write unless he knows these people. In other words, his neighbors and acquaintances are the only ones who can interest him. That's where the value of this Telephone Club plan comes in. Ring up your friends. Show them. Tell them: 'John Smith, this is why it's to your advantage to back up the Republican party!' That's the work that counts."

Mrs. Lucy Parker spoke on the work of the women in the coming campaign. "You will find," she declared, "that the Republican women will be the most valuable aid you have. We're so anxious to do our share that we will work all the time. We have big meetings arranged. We have planned a valuable campaign organization. You'll find that we'll make good, too!"

Louis Aber reported on finances at the meeting, declaring that prospects of all necessary money are at hand. He read portions of the accounts of the committees.

Walter J. Seaborn reported on plans now under way by Republicans in Berkeley for a monster mass meeting to be preceded by a reception in the Hotel Shattuck, this to be for the benefit of the men voters. The date for this meeting, as for the Alameda and Oakland meetings, was not definitely set. These details will probably be decided by next Tuesday night.

The Hamill bill, providing for the pensioning of civil service employes, was endorsed last night, at the request of the local mail carriers.

Dr. George Derrick, in reporting on his campaign work, declared that indications point to a 5000 safe majority for the Republicans in Alameda county.

"I am not making idle guesses," he declared, "but speaking on careful estimates made from actual information. Now is the time to press an advantage and carry Republicanism back into the state."

Meetings of the committee will be held every Tuesday night from now on until the campaign closes.

Makes Hold-Up Man Surrender His Gun

RENO, Nev., Sept. 30.—When a hold-up man presented a 38-calibre pistol and told Ed Morton, a local business man, to give up his money here today, Morton drew a 22-calibre weapon and compelled his assailant to surrender the larger weapon. LEARNING DOMESTIC ART

TEACHES MILLINE RY AND SEWING

NIGHT COURSE POPULAR

MRS. CARRIE CRANE INGALLS, INSTRUCTOR OF DOMESTIC ART, WHO HAS INTRODUCED MILLINERY AND SEWING IN THE CENTRAL EVENING NIGHT SCHOOL OF THIS CITY.
—McCullagh photo.

Declaring that the art of sewing is intuitive in every girl, Mrs. Carrie Crane Ingalls, instructor in domestic art in the Garfield school of East Oakland, has established a class in sewing and millinery in the Central evening night school, where she is instructing the working girls in those branches of study. Mrs. Ingalls has the distinction of being the first to introduce the domestic arts in the local evening school and the innovation is proving very advantageous to the young women, who are manifesting their ability in the sewing craft. The millinery and sewing work opened to the public recently and has formed an important part of the course in the evening school. It was established to supply a demand made by the girls who have never had the advantage of receiving instruction in sewing.

The domestic art work is conducted under the direction of the Oakland board of education. Splendid results have already been attained in the new department and the enrollment is steadily increasing.

"In the art of living, we learn to obey the laws of hygiene and nature," said Mrs. Ingalls in talking upon the importance of domestic art. "Our first steps should concern health, food and clothing. Health depends upon food and clothing because our food keeps the body in a healthy condition, while clothing registers the proper degree of warmth of the body. It is quite as important to know how to dress the body properly, as to feed it; for a violation of the laws of body protection—shown in some new fads, often unsuited to the different climates where they are foolishly introduced or ignorantly followed—may impair the health of otherwise fine men and women.

"The art of sewing, intuitive in every girl, should be developed. If a mother cannot teach her little daughter elementary sewing, why should not the state provide teachers for this important work? Indeed, not only for little daughters, but for grown-up girls, should skilled teachers be employed—just as they are provided for foreign languages, mathematics, art and music.

"Let us not forget that there is just as much system, order, and discipline in sewing, as those other studies which tend to educate her for the fullest duties of life."

MAN VICTIM OF FOUL PLAY

Unidentified Body Found Near R. R., Bearing Marks of Brutal Murder.

The body of an unidentified man whom it is believed was the victim of foul play, was discovered by a Southern Pacific freight train crew early this morning lying in an orchard of R. Ranteau about a block from the Southern Pacific tracks in San Leandro. The left temple of the body bore a mark which would indicate that the man had been struck by a blunt instrument. His forehead was much swollen and blood had flown from a deep cut on the temple.

The supposition of the police is that he was murdered and that robbery was the motive. The supposed murdered man, who was about 55 years of age, was last seen in the saloon of M. Rego, on Davis street, and at that time he appeared to have considerable money. When the body was discovered an empty purse and a package of tobacco was all that was found in his pocket. There was no paper or articles of identification.

Before leaving Rego's saloon the man said he was looking for the home of Mrs. Franklin on Peralta avenue. He was directed there and left, presumably with the intention of going to that address. The authorities are hopeful of establishing identification in this way.

That he was struck by a passing train is not believed by the police. Judging from the severity of the blow the man could not possibly have made his way of over 400 feet from the tracks to the orchard. The train crew who found the body thought the man was asleep, but on investigation found that the man was dead.

Joseph Peralta had the body removed to the branch morgue. The body is that of a man 5 feet 7 inches in height, with gray hair and thick gray mustache. He had on a pepper and salt suit, a blue tucked shirt and a blue tie. His left leg was club-footed and he carried a cane. Peralta and a posse of deputies are searching for clews which may clear up the mystery.

Later today the discovery of a can thought to have contained carbolic acid was found near the body, leading to a possible theory of suicide.

SCIENCE EVOLVES DRAMA OF YE PIT

"Angelus Man" Found in Tar Pool Held to Be Woman's Remains.

UNIVERSITY OF CALIFORNIA, Sept. 30.—Started by Dr. John C. Merriam, noted paleontologist of the University of California, "A Cave Man's Victim, or A Tragedy of the Pits," is a drama that is being written bit by bit by the country's greatest scientists. These men are now not at all convinced that the "Angelus man" whose bones were found in a tar pool of La Brea ranch in southern California was not a man at all, but they are equally convinced that she met a violent death.

The crime was the earliest of all unsolved murder mysteries of Los Angeles county, [illegible] since hatchet [illegible] made no love [illegible].

No evidence remains which implicates any particular cave man, but there is plenty to give rise to endless speculation as to that grim tragedy of ten thousand years ago, or more.

Frank S. Daggett, director of the Los Angeles County Museum of Science, History and Art, whose paleontological museum holds one of the richest scientific treasures in the world, dug from the marvelous La Brea pits, is authority for the statement that the investigating scientists have turned into practical certainty the conservative dictum of Dr. John C. Merriam that the human bones of pit No. 10 were "possibly those of a woman." He also declares there is little doubt that the more or less gentle female of the ancient race was slain and thrown into the pit head first.

Daggett has left speculation concerning details of the tragedy to less scientific minds. Most probably these, say her mate, remote ancestor of California tribes, struck her dead and tossed her body into the tar pit. Or she may have been a victim of war between ancient tribes. Possibly her captor, hard pressed by his enemies, rid himself of the encumbrance by throwing her into the black pool.

It may even be that all this speculation is wrong and the entire murder theory a mistake, for it is based largely on the evidence that the woman went into the pool head first.

At any rate, it is fairly definite that the most ancient known "man" of California is a woman, and that her fate was as tragic as that of the wolves and bears and ancient birds whose bones were found in the same pit. No savage burial rite marked her demise.

RADICAL DRAMA BILLED TO STAGE 'BLIND ALLEYS'

MISS THODA COCKROFT, WELL KNOWN AS AMATEUR THESPIAN, AS JENNIE IN "BLIND ALLEYS."

BERKELEY, Sept. 30. — The student body of the university has produced a radical drama. It is "Blind Alleys" by Kenneth T. Perkins of this year's class, and it was given last evening by the English club at an invitational performance at the Beta Theta Pi fraternity house on Hearst avenue, and was pronounced a notable piece of work by the audience of a hundred or so who attended. Well known campus thespians assumed the parts.

"Blind Alleys" is in two acts. The first has its setting in an Italian chop house, and its story is woven about the conflict between a Salvation Army man and a sailor to win a daughter of the slums, the former's efforts being made more earnest by the possibility of a victory that will help him reclaim an ex-convict.

The second act is in a Ritz Carlton restaurant. For the Salvation Army man is substituted a bishop of high church; for the sailor, a high army officer; for the thief, a magnate, and for the slum girl, the magnate's wife. The bishop and the captain are fighting over the conflict of the first act, this time for the magnate's wife. The churchman's added interest this time is a cathedral, which the magnate has promised him if he wins.

This is Perkins' second recent dramatic effort. His first was "Beyond," a one-act piece of Maeterlinckian atmosphere given by the English club last semester. The present play had some of the mysticism of "Beyond" but, for the most part, was much more realistic.

Richard Chamberlain played the thief and the magnate and Miss Thoda Cockroft was first the slums girl and then the magnate's wife. Perkins himself was the churchman in each act, while Thornton Wilson was first the sailor and then the army officer. Miss Sally Sabin was an actress in each scene, first of the vaudeville, then of the legitimate stage, while Russ Dudley was each time a literary man, and Edward Garcia a waiter.

"Blind Alleys," of which the sub-title is "A Phantasy of Last Night," made its appearance in the current number of the Occident, the university monthly. It has attracted wide attention on the campus and elsewhere.

BERKELEY WOMAN JAILED IN BERLIN

Mrs. W. T. Dinwoodey Recounts Experience When Arrested as Spy.

BERKELEY, Sept. 30. — Mrs. William T. Dinwoodey, a popular society matron of this city, has returned from Germany to tell the exciting story of the arrest in Berlin of herself and her children as spies. For hours they were held in Berlin police stations until finally able to establish their identity. With the children, [illegible] and Catherine, Mrs. Dinwoodey has been abroad two years.

"Shortly after war was declared," recounts Mrs. Dinwoodey, "we were touring Berlin in our car and happened to stray too near the place where German troops were being mobilized, preparatory to leaving for the front. Immediately the German policemen were on the steps of our machine, and my children and I and several American friends who were with us were hustled away to the nearest police station, charged with being spies.

"It took us three hours to gain our freedom, during which time our automobile was locked up and we were hustled from one police station to another. We were released only after we had shown our passports and German officers had been sent to our apartment to establish our identity.

AUTO RETURNED.

"Our automobile was then given to us with the statement that it had been locked up simply to prevent it from being damaged and had not been confiscated, as we had feared. We were only a few of numerous persons who were arrested as spies during the first day of the war. Every precaution was taken, and countless Americans were hustled off to police stations with angry mobs shouting 'Russians' and 'spies' after them, there to undergo grilling cross-examination before they were released.

"The thing that has caused every American in Germany to marvel is the manner in which the German women have taken the places of their husbands and brothers. Hardly had the footsteps of the armies leaving Berlin died away before women were donning their husbands' coats and taking up their tasks. Practically all of the Berlin street cars are being operated by women, and women are even taking men's places in cleaning the streets."

Quitting Berlin Mrs. Dinwoodey turned her automobile over to the Red Cross for its use. Her return trip across the Atlantic was made on the Rotterdam, the normal capacity of which is 500 passengers, but which carried 1500 on this trip. With others, Mrs. Dinwoodey and her children occupied cabins improvised in the hold. She stopped at Salt Lake en route home, leaving there her oldest son, William, for a visit of a year with friends.

STUDENTS TO AID IMPROVEMENT PLAN

Beautifying Berkeley Campaign Is Given Assistance of University.

BERKELEY, Sept. 30. — Twenty members of the Agricultural club of the University of California department of agriculture have offered their services for supervision of the young gardeners of Berkeley who will participate in the beautification of Berkeley campaign inaugurated by the Chamber of Commerce. This offer was received at a meeting of the executive committee that is arranging the details for the growing of flowering plants along the streets and in the home gardens of this city in preparation for welcoming the thousands of visitors who are expected next year.

The city is to be divided into at least 20 districts and each street is to be placed in charge of a captain, who shall direct the energies of the people in decorating their streets, their districts and their premises. The university students who are to join in the movement will supervise the work of the younger gardeners, and it is expected that good results will follow their efforts.

Additional streets to which flowers have been assigned are the following: Addison, marigolds; Berkeley way, Shasta daisies, Cedar street, red geraniums; Carlton street, red geraniums; California street, eschscholtzias and lupin; Delaware street, red geranium; Ellis street, red geranium; Emerson, Cerise ivy geranium; Essex street, petunia; Fairview, pink ivy geranium, Francisco street, Cerise ivy geranium; Grant street, red geranium; Grove street, nasturtium; Harmon street, red geranium; Harper street, marguerite; Hearst avenue, pink ivy geranium; King street, red geranium; Lincoln street, Shasta daisy, McGee avenue, petunia, McKinley avenue, pink ivy geranium; Milvia street, red geranium; Roosevelt avenue, verbena; Tyler street, verbena; University avenue, California poppies and lupin; Virginia street, marigold; Ward street, west of Shattuck avenue, red geranium.

As far as could be done the desires of home owners have been consulted, and it is hoped by the committee that there may be a cordial response to the requests for the use of the flowers indicated in the list.

City Councilman E. Q. Turner and City Gardener A. F. Verdi reported that a great number of flowering plants are being rooted in the park places owned by the city and that they will be ready for use as soon as the autumn rains begin.

It is felt that with the coming of the rains there will be aroused a widespread desire to dig in the ground, and that thousands of citizens will be ready to join in the campaign for the beautification of the city.

Professor J. A. Imrie reported that he and Professor Kern and Mrs. C. F. Wieland have made an inspection of nearly all the streets of Berkeley and that it is the opinion of the committee that the results to be obtained through this campaign will justify the efforts of the committee and the citizens.

U. C. Star Gazers Watching Activities of Delavan's Comet

UNIVERSITY OF CALIFORNIA, Sept. 30.—Astronomers of the University of California are observing with keen interest the activities of Delavan's comet, which is now visible to the naked eye and which will remain visible throughout October. It may be seen about 10 o'clock on clear nights at a point directly below the pole star. At that time the comet is low in the sky. As the night wanes the comet rises higher in the heavens, and in the early morning, between 2 and 4 o'clock, it reaches its greatest altitude above the horizon. Then, it is said, is the best time to observe the comet.

AUTO BALKS AND HALTS HONEYMOON

Incidentally G. H. Harter's Machine Backs Through Delta Chi Frat House.

BERKELEY, Sept. 30.—Because the clutch of his automobile would not work while he was backing the machine, G. H. Harter's honeymoon trip was brought to a sudden pause yesterday, with the car half in and half out a window of the Delta Chi fraternity house, on Piedmont avenue. Neither Mr. nor Mrs. Harter, who came from Sacramento, where they were married a few days ago, was injured, but the glass front of the frat house was decidedly so.

Piedmont avenue winds around and about oak trees and parked spaces. At the head of the avenue Harter decided to turn around. He [illegible] and so started backward. It seemed probable for some moments that he wouldn't stop again. The clutch refused to work.

A shrill feminine screech and the crashing of glass sounded simultaneously when the rear of the car finally reached the fraternity house. It started on through the house toward the backyard but Harter finally brought it to a halt with his brake.

There were no casualties, but the machine was badly damaged. To make matters more comfortable for the honeymoon couple, the Delta Chi brothers gathered about and invented appropriate conversation.

STYLE OF HAIR COMB SAVES MAN FROM JAIL

BERKELEY, Sept. 30. — W. B. Curtain, keeper of time for the water company and keeper always of the Berkeley peace, spent an anxious hour yesterday when his resemblance to the man who entered with evil intent the residence of Mrs. L. Sigelhurst of 2950 Linden avenue, caused his being taken into custody.

The burglar had been interrupted by Mrs. Sigelhurst, apologized, handed her $1.50 for a window he had broken and quietly and effectually disappeared. An hour later Mrs. Sigelhurst saw Curtain at Dwight way and Shattuck and was immediately struck with the resemblance. She told a policeman and Curtain was nabbed.

It was not until he had gone to her home with the policeman and removed his hat that she was convinced of her error. Once his hat was off she withdrew her identification and Curtain was released with profuse apologies. He hadn't the same kind of a hair comb.

FOUR HORSES ARE BURNED IN STABLE

Building Is Partly Destroyed by Fire of Incendiary Nature.

ALAMEDA, Sept. 30. — Fire last evening partly destroyed the stables of the Western Dairy company at 2247 Lincoln avenue, near Oak street, causing damage to the amount of about $1400, included in which was the loss of four horses by burning. No explanation of the cause of the fire has been made, but it is supposed that the blaze was of incendiary origin.

Four boys, Eddie Watson, Raymond Sparso, Raymond Farrell and Harrison Lewis, were passing along Pacific avenue, near Oak street, last night and discovered the flames. Sparso ran to the police station and gave the alarm of fire. the three other boys went to the front of the barn and warned the watchman, J. Kline, who was seated in his room with his brother, T. H. Kline, and a friend.

Crowds gathered, several thousand persons coming in a few moments. The Lincoln avenue electric service was delayed for several hours.

The police and fire chiefs made an investigation but could find no clue to the identity of the person who started the blaze.

At 12:05 o'clock this morning a fire broke out in a small four room house at 866 Oak street. The occupants, an aged woman and her son, escaped from the building. The blaze was caused by a defective chimney. The woman, whose name has not been ascertained by the authorities, was preparing to move to the house next door and had filled the stove with paper. This caused the chimney to become hot and the roof was set afire. The entire building and contents were destroyed, the loss amounting to about $500.

The firemen were told that the woman was in the burning building and they made valiant efforts to find her. They later learned that she was in the crowd. They were then told that the woman's "child," who is 22 years of age, was in the house. They entered the building and made a complete search, but it was found that the man was not in the building.

ALAMEDA, Sept. 30. — The sewing bee which was to have been held at the home of Mrs. William Tappan Lum by the members of the Washington School Mothers' club, this afternoon, has been postponed to next Wednesday, October 7.

Miss Alma Robinson has returned from Sacramento, where she was the guest of friends for the past few weeks. Miss Robinson was the inspiration for a number of pretty affairs during her stay.

A 12-pound boy was born in the family of Mr. and Mrs. Bruce Jamieson. The new arrival made his appearance at the home of the young couple in Los Gatos, Monday at noon. Mrs. Jamieson was Miss Francis Wright, one of the popular members of the social set in Los Gatos.

Miss Marjorie Emmons was the motif for the theater party and tea given yesterday afternoon by Miss Florence Bell of Seattle, who is visiting in San Francisco. Miss Bell entertained her guests with a box party at the Orpheum, followed by a tea at the Palace. Miss Bell's guests were the Misses Marjorie Emmons, Gladys Emmons, Gertrude Emmons, Marjorie and Helen Coogan, Betty Glover Funston and Ila Coombe.

Mrs. E. C. McLean and son, G. R. Bolander have returned from a visit of a week with Mrs. Will D. Shea in Menlo. They are at their home at Encinal avenue and Lafayette street.

Mr. and Mrs. Henry Schmidt (Nell Jamieson), whose marriage took place in Seattle, August 26, are domiciled in a pretty apartment in Vancouver, where Schmidt's interests will keep him for a time.

Mr. and Mrs. John D. Jamieson, whose marriage occurred September 23, are in Tucson, en route to their ranch in Arizona. Mrs. Jamieson was Miss Edith Kersey of this city.

Mrs. I. N. Chapman left yesterday for Fresno, where she will attend the county fair, and will be away for the remainder of the week. Mrs. Chapman, who is past regent of the Copa de Oro Chapter of the D. A. R., has only recently returned from an extended visit throughout the east.

CATHOLIC FEDERATION MEETS.

Officers were to be elected and the place for holding next year's convention chosen before adjourning. YOUTHS ARE HELD, BUT JUDGE URGES LENITY

Judge Mortimer Smith today held Elmer Luty and Fred Vierra, two of the three young men charged with burning the Miller barn, to answer on charges of arson to the superior court, bonds in the sum of $1000 each being furnished.

"This is clearly a case for probation," declared Judge Smith from the bench. "But the law does not give to the holding magistrate the power to place these young men on probation for two years or more, and I am compelled by the evidence and the law to bind them over to the superior court. A plea of guilty there will in all probability bring clemency and probation. The two young men, who are 19 and 20 years of age, have borne an excellent reputation heretofore, and I feel that this offense, committed after they had been drinking a little, should be punished, but not with great severity."

Luty and Vierra were represented by Attorneys Abe Leach and Henry Skinner. Archie Latimer, the third of the trio arrested, was released yesterday on the motion of Prosecuting Attorney Ezra Decoto, as the district attorney's office was of the opinion that the evidence against him was insufficient to convict. Latimer was represented by Senator E. J. Tyrrell.

PARISH CARNIVAL AND BAZAAR IS PROLONGED

FRUITVALE, Sept. 30.—In deference to the wishes of a large number of the residents, it has been decided to continue the bazaar and carnival given by St. Elizabeth's Parish until Saturday evening instead of finishing up tomorrow night. St. Joseph's Gymnasium, in which the carnival is being held, was not large enough to accommodate the gathering at the opening last night. The carnival was run this afternoon for the benefit of children and the little ones had their fill of amusement. In declaring the bazaar open, J. A. Elston referred to the benefit of young men's organizations such as St. Joseph's Sodality.

A straw vote was an interesting feature last night and will be taken each evening of the carnival. The refreshment and amusement booths presided over by members of the Young Ladies' Sodality did a roaring trade all evening, and the novelty feature provided by Rev. Father Ildephonse and his assistants were well patronized.

LARGE BALD PATCH ON GIRL'S HEAD

Covered with Tiny Blisters. Itched and Never Rested. Cuticura Soap and Ointment Healed.

Longmont, Colo.—"About one year ago our little girl was bothered greatly with what seemed a very bad case of dandruff. Her beautiful hair got dry and dead and flew in all directions. One morning I noticed a large bald patch on her head, larger than a dollar, covered with tiny blisters surrounded with an angry red ring. They finally began running. They itched and she never rested at night.

"It was pronounced a bad case of eczema. I was given a prescription which I continued to use till my baby's head was entirely covered with sores and she had lost all her hair. She was compelled to wear a silk cap and I thought she was disfigured for life. A visitor in our neighborhood recommended Cuticura Soap and Ointment. I used the Ointment at night and gave her a shampoo in the morning with the Cuticura Soap. In less than three months my girl was entirely healed." (Signed) Mrs. G. E. Dilts, Apr. 8, 1914.

Samples Free by Mail

It costs nothing to learn how pure, sweet, effective and satisfying Cuticura Soap and Ointment are in the treatment of poor complexions, red, rough hands, itching scalps, dandruff, dry, thin and falling hair, because you need not buy them until you try them. Although sold by druggists and dealers everywhere, a liberal sample of each will be mailed free, with 32-p Skin Book. Address post-card "Cuticura, Dept. T, Boston."

SHADE OF IKE! HERE'S PRETTY KETTLE O' FISH

PalateUnto PaletteRenders Homage Taught by Artist Chase

MONTEREY is to have a "fish feed."

Apropos, there was a "fish supper" and moonlight bathing party last week that may be said to have been a failure. As a fish dinner and bathing party it was a failure, but as a jolly motor trip and beach supper it was altogether a success.

Guests of a certain Oakland host and hostess motored down to Half Moon Bay, where supper was served on the beach, but it was not a fish supper. At the eleventh hour the hostess had a sudden mistrust of the monotony of fish, and other things were provided for appreciative and hungry motorists.

After supper the water looked most uninviting. Still and beautiful in the moonlight, but cold. Guests considered their bathing suits and regarded the waves that broke like ice cream soda along the beach. Just as fluffy and frozen.

No one wanted to be the first to confess a reluctance to bathe at a bathing party, and there was rather a constraint for several minutes until someone bravely remarked that the water looked cold, and all at once, by common consent, bathing was eliminated. Otherwise it was a perfectly successful party.

But as to the "fish feed" in Monterey. Everyone is preparing for it and the art colony especially. They say it is the inspiration of William Chase, who is the foremost American fish painter (strange distinction), and has been painting the Monterey fish this summer. Every Izaak Walton rushed with his catches to William Chase, who selected the most beautiful models.

It raised the esthetic value of fish wonderfully and really deepened a general appreciation of rock-cod, perch, shad and seabass until the idea of a "fish feed" was developed and all Monterey will gather on the beach to eat fish in their variety one evening next week.

Jail I. W. W. Workers for Disturbing Peace

DES MOINES, Ia., Sept. 30.—Five Industrial Workers of the World were arrested last night as fast as they attempted to address a crowd at a downtown street crossing. These same men had been arrested for blocking traffic last Saturday night and were released under suspended sentences in police court this afternoon, when they promised to refrain from street speaking.

Chief of Police Crawford announced that he would endeavor to have an ordinance framed in the city council today which will permit putting the prisoners to work on the rock pile.

Effective, Economical Complexion Renewer

One reason mercolized wax is so strongly recommended is that it really takes the place of several different cosmetics, saving time, patience and expense. It is better than any cleansing cream, better than any massage cream and better than any rouge, for accomplishing the results for which such articles are used. As the wax actually absorbs an old, faded or discolored cuticle, a little each day, the underlying skin which gradually appears, is clearer, softer, healthier-hued and more youthful than any cosmetic-made complexion. Spreading on a thin coat of this wax at night, washing it off mornings, in a week or so produces a marvelous transformation. Just one ounce of mercolized wax, obtainable at any drug store, will do the work. There's nothing better to remove freckles, moth patches, liver spots, sallowness, blotches, pimples or blackheads.

For wrinkles and loose, saggy skin, a face bath made by dissolving 1 oz. powdered saxolite in ½ pt. witch hazel is the best thing that can be recommended. This has remarkable astringent and tonic properties.

Why America Should Now Lead in Beauty Culture and Fashion

PART I

It is difficult to define the exact moment when Paris commenced to govern the world in questions of dress and adornment. Probably from the beginning of European civilization it has held this authority, which it has only lost occasionally through stress of war, during which it is safe to say, there was no guidance of this sort to the world at all.

In the early middle ages the ladies of Venice on Ascension Sunday used to walk to the little street at the right of St. Marco, the Mercerie, where a large doll, dressed in the latest Paris fashions, was yearly displayed. This may be regarded perhaps as the original fashion plate from Paris.

Luxury and extravagance in dress took a great step in advance during the profligate days of the French Louis, but beautiful gowning was still confined to the ladies of the court, and women at large knew little of changing fashions.

With the French revolution the wave of democracy that swept over the world included the women as well as the men, and one of the outcomes of it was an equalization on the subject of dress. Every woman demanded raiment as costly as her purse could buy, and from the lowest endeavor to get ahead of her neighbor was born fashions as we understand them today.

THE EXODUS TO ENGLAND.

Paris, however, the seat of a terrible civil war, could then hardly provide the luxuries of life. Not only was the flower of its aristocracy forced, in fear of its life, to emigrate to England, but the wig-makers, the manufacturers of fine textiles, the perfumers, the makers of women's hats and bonnets, were forced also to flee and take their arts and crafts with them.

These industries were then set up on English soil and under the fostering care of the government the French industries developed and became famous. For one short period England may be said to have been the fashion center of the world.

The French, for some reason, have never made good settlers on foreign soil. Their delicate art, their initiative, their refinement and spontaneity seem only to flourish in the French environment; transplanted, it fades, becomes commercial and seems finally absorbed and engulfed in the inferior crafts of the foster country.

So it was with the transplanting of the French dress industries to England; in a short time they were no longer French, but heavy, dull, practical, in short, English.

With peace under Napoleon the old nobility came back to France, and with them all the arts of refined living. Paris came to the fore in all matters of dress, deportment, the toilet, and that supremacy, although sometimes threatened, has lasted up to the present day.

OUTLINE COURSE OF ETHICS FOR SCHOOLS

In all the schools of Alameda county the State requires that instruction be given in morals and manners in the classes. The members of the board of education have outlined a course in ethics which is now being closely followed in the elementary schools.

In the first grade an effort is being made by the teachers to strengthen the moral sense of the little folks by means of talks. The tots are taught "to love" and "obey their parents," to speak kindly on them as well as to them; to be gentle and kind to all their playmates and the lower animals.

Courteous manners are insisted upon in the second grade and in that class the pupils are taught "to move about quietly," to be kind to the younger children, and they are urged to practice unselfishness and kindness to dumb animals. The boys and girls are told to manifest their politeness at school as well as on the streets and at home.

Patriotism, unselfishness, honesty and gratitude are among the virtues taught in the third grade. In the fourth grade there is an effort being made to insist upon the pupils to confess "wrong" and also to cultivate a love for beautiful pictures and flowers. In the fifth grade the advantage of reading good books is shown and the instructors talk upon the subjects of "forgiveness," "apologies," "discipline," "temperance," "courage" and "duty."

The effects of "good and bad habits" on character form an important part of the ethical talks in the sixth grade, when the teachers are endeavoring to inculcate high ideals, which will remain with the boys and girls throughout their lives.

EXCELSIOR CLUB WILL GIVE ENTERTAINMENT

The officers are Mrs. W. K. Brown, teacher; Elma Woods, president; Martha Armstrong, vice-president; Marie Wilson, secretary, and Madeline Dieves, treasurer.

Heed the Danger Signals

WHEN you feel out of sorts, irritable, and altogether miserable, do not put it down to the weather and wait for another day to become normal. When a healthy person suddenly discovers that nothing in the world is of interest, when sounds and voices irritate and anger, a danger signal is out. The human machine is out of order at some point and should be examined to discover just where the fault lies.

Normal and healthy people do not become irritable and cross without reason. And when these symptoms do appear it is time to stop the human machine for a brief time—that is, to withdraw it from every day activities and inquire into the cause.

Possibly a little rest will restore the organs to their normal function, or certain exercises may be required; but whatever the cause the important thing to do is to realize that something is wrong and then go after the cause. An outbreak of temper may easily be differentiated from the irritability of approaching disease. To feel continually "out of sorts" is to experience a continuous warning that the physical body needs some attention.

There is such close affinity between the mind and body that one need look no further than the condition of the mind to find out the condition of the body. When the mental warnings are heard the all important thing to do is to obey them. There surely must be a reason when an otherwise serene person suddenly becomes irritable.

Seek out the cause and remedy it. To wait or to procrastinate is to incur a danger. A machinist would not permit an engine to run after he had heard the click of grit in its workings. The driver of an auto will not continue to drive after hearing a "false note" from the engine.

Why not, then, take just as great care when that most wonderful of all machines, the human body, gets out of order? You cannot get "new parts" for the body as you can for an engine.

Answers to Queries.

BESSIE A.—Girls with brown hair and blue eyes can wear almost any color. The best thing to do is to match as nearly as possible the color of your eyes, getting perhaps a shade darker. I should think you could wear the greens, blues, reds and tans, but not the real dull browns or black. Avoid all dark and somber colors.

MARGARET.—Buttermilk is excellent for the complexion, but it alone will not remove pimples and blackheads. These can only be removed by absolute cleanliness and persistent care of the face. I shall be glad to give you instructions for using the green soap treatment for removing blackheads, also the formula for an excellent cold cream which is used for cleansing the face, if you will send me a stamped, addressed envelope.

ARLENE.—To keep the hands and nails in good condition they must have daily care. One's hands show neglect as much as one's face does. Each night they should be scrubbed in warm water and a good soap, using a nail brush so as to get all the dirt out of the nails. Never use too hot water nor too cold. The woman who does her own housework must keep the hands protected if she wishes to keep them good looking. Rubber gloves should be worn when the hands are in water and when doing light housework old loose fitting cloth or kid gloves should be worn. There is nothing better for making the hands soft and white than covering them with sweet almond oil or olive oil and then putting on a loose fitting pair of kid or cloth gloves to protect the bed linen. This becomes absorbed into the skin and makes the hands soft.

PETITE.—A woman with pale coloring should naturally wear pink to supply her lack of color, but it must be the right pink—deep or pale, yellowish, or bluish as the case may be. This depends upon the skin. A clear white skin needs the bluish pinks. For wear when pink is not appropriate select a color that matches or harmonizes with your eyes and hair. If your eyes are blue by all means wear blue, but take care in the selection of the blue.

KITTY K.—It is hard for one to reduce flesh and few women are willing to deprive themselves of the sweets and rich foods and keep up the exercise necessary to do it. One should not diet except on advice of a physician. Usually a simple diet is breakfast of clear tea or clear coffee and salted toast. That is sufficient for the first meal. A little fresh fruit is admissible. For luncheon clear tea, clear coffee or unsweetened lemonade and lean cold meats and a crisp salad. Dinner, broiled chop or steak, fowl or fish with either spinach, string beans, tomatoes or asparagus. Nearly all vegetables that grow under the ground, such as potatoes, turnips, beets, parsnips, etc., are fat producing. Eggs broths, cream, sugar cereals and butter will pile on the flesh.

MILDRED: Exercise will develop the legs. Walking is splendid. Tennis and golf are both good exercises for developing the legs. This is a simple exercise for developing the calf of the leg: Sit in a chair, place the foot flat on the floor, press forward, throwing the weight on the ball of the foot. Press hard against the floor. Relax the foot and repeat many times. Do not wear shoes while doing this exercise. Walk as much as you can every day, for this will develop the muscles of the legs.

MRS. D. D. W.—I cannot print the full dietary and rolling exercise for reducing flesh on account of lack of space, but I shall be happy to send them to you if you will send me the required, stamped addressed envelope.

L. A. K.—You spoiled the shape of your nose by trying to change it. Betetr leave it alone now. There is nothing that can be done to change it back to its original shape. If you pull the nose you will make it worse than it is.

N. J. E.—The stray hairs may be pulled out across the nose. This will do no harm. If they are very heavy the electric needle may be applied to remove the hairs. Before pulling them out bathe the skin with warm water or apply a cold cream to the place and allow it to remain for fifteen minutes. This softens the skin and it is less painful to pull out the hairs. After pulling the hairs out apply a little peroxide to the spot.

Socialist Candidates Barred by $100 Fee

RENO, Nev., Sept. 30.—By holding constitutional a provision of the new election law requiring candidates for State office to pay a fee of $100 each, the Supreme Court yesterday barred six Socialist candidates from a place on the general election ballot.

The candidates having no opposition at the primaries asked to be certified as party nominees, according to law, but refused to pay the fee, holding it to be unreasonably high. The Court held the amount not unreasonable, although a dissenting opinion declared the sum is the largest required by any State.

The offices concerned are minor, the major offices of the State being protected by the payment of the fee.

Simple Home Treatment to Remove Hairy Growths

(Beauty Culture)

Two or three minutes' use of a delatone paste will banish every bit of hair from your face, neck or arms. This paste is made by mixing some water with powdered delatone. After the paste is removed, the skin should be washed to free it from the remaining delatone and it will be clear and spotless. You will not be disappointed with this treatment if you be sure to obtain real delatone from your druggist.

TITLE? NO! JUST RUMOR! SHE'LL WED AMERICAN

"Prettiest Girl in New York" to Become Bride of Countryman.

NEW YORK, Sept. 30.—The "Prettiest Girl in New York Society" is engaged. And, despite several society rumors to the effect that she was going to become the bride of a well-known nobleman, she's going to wed a plain, but wealthy, American citizen. Furthermore, it wasn't the war that changed the plans of Cupid, but the society girl's inclination itself, according to her very spirited announcement that she never considered entering a royal family, despite her friends' whispers.

Miss Ficken, who is the daughter of Mr. and Mrs. H. Edwards Ficken, and one of the leaders in the younger set, is to wed William B. Prescott of Boston. The date for the wedding has not been set. She entertained extensively this season at her parents' country home at Huntington, Long Island, and it was there that the present romance began.

MISS MARGERY FICKEN.

BARONESS DE BAYE BRANDS CROWN PRINCE LOOTER.

PARIS, Sept. 30.—Crown Prince Frederick William, during the first days of the battle of the Marne, had his headquarters at the chateau of the Baroness de Baye, near Champaubert, Marne, famous for its collections of art objects. The Baroness de Baye writes, says the Paris "Temps," thus:

"The Crown Prince plundered the whole place. He stole medals, old arms, rare and precious vases, tapestries, icons, cups and gold souvenirs most dear to my family."

The Baroness affirms that the Crown Prince stamped with his heel on the portraits of the Russian Emperor and Empress in the chapel of the chateau.

SPOILED BY HIS MOTHER BEFORE SHE MARRIED HIM.

ST. LOUIS, Sept. 30.—Mrs. Frieda Mathes obtained a divorce from Sol Mathes on her testimony that he was "spoiled by his mother before she married him" and that he slapped her on several occasions, once when he could not find his tie clasp.

Mrs. Mathes' maiden name, Frieda Werner, was restored to her. She testified her husband made $150 a month and gave her $40 a month on which to run the house.

MOTHER ATTEMPTS SUICIDE AS HER CHILD LOOKS ON.

SAN FRANCISCO, Sept. 30.—A court-martial in Honolulu cast a shadow of tragedy over a tiny Vallejo home yesterday and two lives were near to passing when despair urged Mrs. John Winters to attempt suicide by drowning. Her husband's pay was cut off and she saw no means of livelihood for the future.

She was dragged from the waters of the channel just in time to save her life and was taken to the General Hospital. She will recover.

John Winters, a fireman on the United States tug Alert, was recently court-martialed for a minor offense. His pay was cut off and with it the $20 a month he had always allowed his wife.

The news arrived in a gloomy letter from Winters to his wife yesterday and came at an unfortunate time for Mrs. Winters expects to be a mother once again.

Mrs. Winters read the letter and then took her baby son down to the Georgia street float. There she plunged into the channel. The baby called to his mother and then, bewildered with fright, started to jump in after her.

Bandsman S. A. Williams and Seamen S. Simmons and A. Jenks heard the child's cries and ran to the float in time to dive after the drowning mother and prevent the baby from following her. They were taken home to their cottage, 315 Butte street from the hospital.

WOMEN ENEMIES FACE EACH OTHER IN COURT

REDWOOD CITY, Sept. 30.—Miss Birdie Welsh and Mrs. Daniel E. Blackburn faced each other in the Superior Court here yesterday for the first time since Mrs. Blackburn publicly horsewhipped Miss Walsh and later named her co-respondent in a divorce suit brought against her husband, who is a member of the San Mateo County Board of Supervisors. The two women passed each other in court without the slightest sign of recognition.

Miss Walsh is suing James A. and Mary J. Lee, heirs to a large San Mateo estate, for $11,000 alleged to be due her for services as housekeeper. Attorneys for the Lees had subpoenaed Mrs. Blackburn as a character witness.

MAGNATES ARRANGE WORLD'S SERIES

SEALS GAIN LAP IN RACE

At the expense of the Oaks Del Howard's Seals increased their percentage yesterday and incidentally gained a half game on Portland in the pennant race, as the latter team was unable to do combat, their opponents, the Angels, being unable to [illegible]. By winning yesterday's game San Francisco claimed the distinction of being the best team in the [illegible] and they are now but three games behind the league-leading Beavers.

As in every game, Oakland put up a stubborn fight in yesterday's [illegible] [illegible] with a couple of hits proved [illegible]fail. Clinton Prough out-pitched Skeeter Fanning, but the Skeet appears to have a horseshoe in his back pocket now and is awful hard to beat.

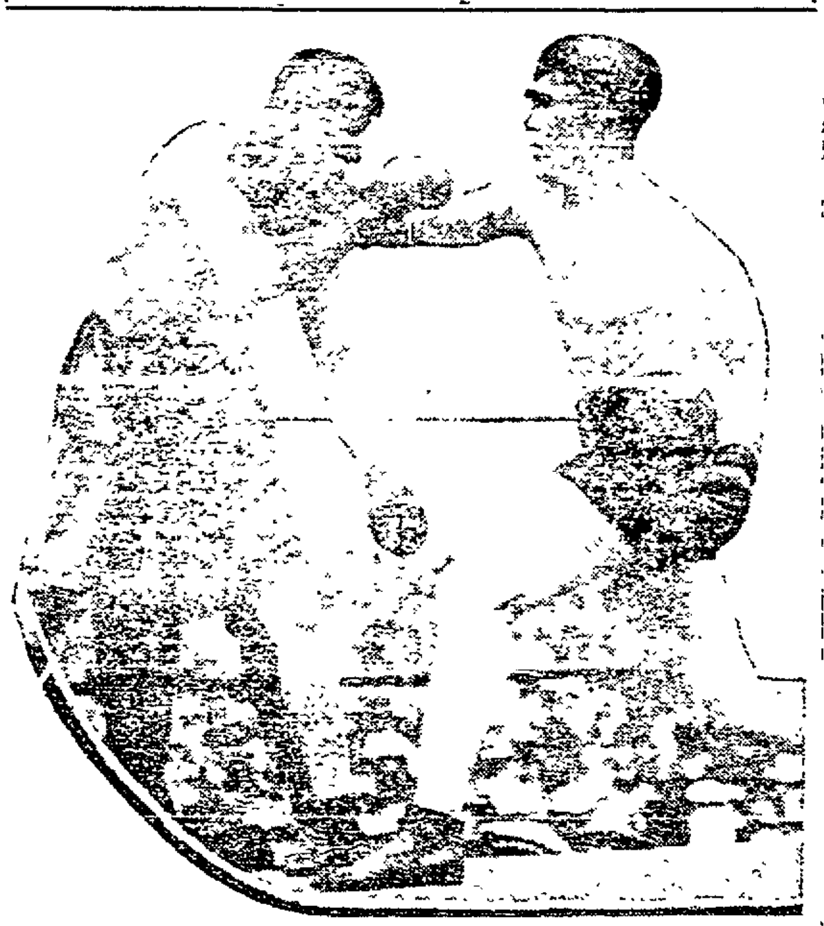

The result of this series with the locals will have a great bearing on the Seals' chances to win the pennant. Los Angeles and Portland will be fighting in the northern city, and Venice, which also has a slim chance to coming out on top, will have Harry Wolverton's men to do battle with. Hap Hogan's team is not conceded much of a chance to win the rag, but the Tiger manager never gives up and statistically his team still can win the pennant.

Naturally the Seals figure to gain noticeably at the expense of Christian's Oaks. The locals have been holding San Francisco about even all season, and the result of the present series is doubtful. While San Francisco is the logical favorite to win the pennant on this side of the bay, the Oaks cannot afford to sacrifice games in order to further Howard's ambitions.

Considerable idle talk has been heard around concerning the series. The management of both the Oaks and Seals fear that unkindly remarks about the locals "throwing" the games will be made by Portland admirers should the team across the bay win this series. [illegible] is being suppressed wherever it is found.

HOW WILL IT GO?

This Is How It Looked Last Time; Photo Taken at the Last Chip-Murray Bout

MIDDLEWEIGHTS READY FOR BIG BATTLE OF TONIGHT

Newcastle Battler Is Favored by 2 to 1 Odds in the Betting

If tonight's 20 round encounter between Fighting Billy Murray and George Chip goes the limit, the Californian will be awarded the decision, is the opinion of the majority of the fans who witnessed the last bout between these two middleweights, but the betting public in general does not seem to think there will be 20 rounds of fighting, as the odds now stand 2 to 1 in favor of the Newcastle battler.

In the last encounter between these two championship aspirants, Murray received a blow that ended the fight a few rounds sooner than it was scheduled to go. Chip is the possessor of a powerful wallop. In fact, many are of the opinion that he hits harder than did the wonderful Stanley Ketchel. Murray and his manager figure Fighting Billy will be able to take a certain amount of punishment from the easterner, but they are not sure he can stand up against one of those [illegible] wallops and not be phased.

Murray is, therefore, going to box with Chip, according to plans announced. Chip's finishing punch is one that can be delivered from any range he happens to be fighting. He never has to set himself and his opponent never can tell when he is preparing to deliver. It has been proven that he has about the hardest punch of any living middleweight today, for he is the only man who has ever knocked out Sailor Petroskey, acknowledged the "Battling Nelson" of the 158-pounders.

Most experts will concede Murray to be the better boxer, and for that matter Billy can deliver a pretty hard punch himself, and his handlers have been complimented on the way they have planned his end of the fight.

Murray, although he was knocked out once by his opponent of tonight, stands a good chance to avenge his former defeat. At the time of the last bout, Murray had just risen into fame after defeating Leo Houck and then getting a draw with Jimmy Clabby. His handlers and others claim that fame was too much for him and in his over-confidence he did not train properly, and the argument seems quite plausible.

This time, however, it is to be a different tale, and if the result is a repetition of the last fight there will be no excuse to make, say his handlers.

In Chip's corner will be his brother, Joe; Tom McMahon, Jimmy Dime and Stanley Jones. There was a report that Spider Kelley would second him, but this has been denied. Murray will have his manager, Jack Kearns, Willie Meehan, Harry Wills and Otto Berg in his corner. Jim Griffin, who has officiated in all the important bouts around the bay of late, will be the third man in the ring.

Promoter Coffroth has arranged four preliminary bouts. Tommy Driscoll, the Vallejo youth who made his debut here a week ago and created a favorable impression, will again tackle Tommy Daly. Arthur Carroll is billed to meet Young Huddie. Charlie Givens boxes Fred Wharton and Frankie Jones is to battle four rounds with Joe Stanton.

Authors Applaud as Lively Youngsters Battle in Ring

Jimmy Rohan, who smiles brightly behind those dark glasses, and once in a while produces something decidedly new for the fans, introduced a second Joe Gans—and a young one at that—to the crowds at the Wheelmen's small bouts last night. This same was George Davis, the surprise of the evening and the feature of a good bill of three and four rounders. The youngster is shifty as a billiard ball—but there's no ivory there. He's got science, and he has the standing power, and he will be heard from right speedily, too. He got an easy decision from Gus Rigo.

Frankie Edwards refereed all but one, a comedy bout, in which Doc. Ryan (who's small) and Young Cohen, mixed. Cohen is big. The youngster climbed him like a tree, and Jack Wise, actor, danced about trying to break the clinch—or climb rather, while the fans roared with laughter.

Local celebrities crowded the ringside. Jack London, the author; Henry Anderson Lafler, the poet, and Ben Dillon, the comedian, were in the front row.

The bouts are an innovation that will have to be repeated, for the crowds took to last night's performance enthusiastically.

The results:

Kid Petaluma vs. Kid Hoppe. Draw.

Knockout Francis vs. Jack Neil. Francis hit head on mat and was put out.

Manuel Perry vs. Kid Crowley. Decision for Crowley.

Kid Neill vs. Jack Hummell. Stopped at once, no match.

Kid Fink vs. Sig Anderson. Decision for Fink.

Gus Edwards vs. Bob Allen. Edwards won, knockout.

Dick Dixon vs. Ruby Nelson. Dixon's decision.

Sam Cohen vs. Ikey Solomon. Cohen's decision.

Kid Steel vs. Kid Zuckuree. Zuckeree's decision.

Lame! Machs Nix Aus! Coach Still at Work by Use of Motorcycle

CHICAGO, Sept. 30.—Unable to walk because of an attack of neuritis, A. A. Stagg, director of athletics of the University of Chicago, prepared today to assume active charge of the football squad and direct the play while perched on the seat of a motorcycle.

The veteran coach, who had been confined to his home for ten days, made his first appearance this year at the football field yesterday, following his charges around the field on a motorcycle. This season is the first in twenty-two years that Stagg has failed to be on the field at the beginning of the practice work.

Stagg asserted that his condition was showing improvement and that he hoped to be on "his feet" within three or four days.

DUCK SEASON ON WAY; OUTLOOK GOOD

The duck season is less than three weeks away and all indications point to a big year. As of yore hunters already are out with statements that a record-breaking number of birds are ready to fall before the onslaught of the scatter-gun men. Such predictions have been heard before and will be heard again. Only experience will tell how this year will reward the sportsman.

On October 15 the Third District season opened for water fowl. The district comprises the following counties: Sacramento, Plumas, Butte, Yuba, Sierra, Nevada, Placer, El Dorado, Sutter San Joaquin Tuolumne, Amador, Mariposa and Calaveras.

MANY BIRDS REPORTED.

Reports from the bay counties' salt marshes indicate that the feathered objects of the sportsman's quest are more numerous than in many seasons past. From the rice field districts of Superior California come the news that the broad bills are going to furnish many a good spread.

The local gun clubs are planning for the opening of the season in grand style. They are looking forward to the limit every time out. Last year the hunters were not very well satisfied with the result of their labors. Lack of early rains made the food supply scarce and the ducks passed up a great many of their former watering spots. But this year promises to be different.

DETAILS OF CONTEST COMING

PHILADELPHIA, Sept. 30.—Members of the National Baseball Commission, composed of Governor John K. Tener, president of the National League; Ban B. Johnson, president of the American League, and August Herrmann of Cincinnati, are here to decide upon the details of the approaching series between the Philadelphia Americans and the Boston Nationals for the championship of the world. President B. F. Shibe will represent the American League winners, while President James Gaffney will look out for the interests of the Boston team. Connie Mack, who for the sixth time has brought a championship to the local American League park, and George Stallings, who has landed the Boston team at the top of the National League, after a desperate struggle, will also be on hand when the conference opens today.

TOSS TO DECIDE.

A toss of the coin will decide where the first game of the series will be played. The admission charges and other details, including the manner in which tickets will be disposed of, will be decided upon at the meeting. The Boston management has indicated a preference to have the playing zone alternate after each game, while Connie Mack advocates the playing of two games in each park between the jumps from city to city. It is probable that the same seating arrangements and prices will prevail here as in previous years.

HOPE IN PITCHERS.

NEW YORK, Sept. 30.—In preparation for the world's series, the Boston Braves, winners of the National League pennant for 1914, are to be kept keyed up to the high pitch under which they have been playing for the last two months, according to Manager George Stallings, who arrived here last night with his team for a five-game series with the New York Giants. The same team that battled for the pennant will appear against the Giants in the series, the Boston manager announced.

Manager Stallings said that his main ohep for the series was his pitching staff, and that if nothing happened to his pitchers between now and the end of next week, he would have no excuse if he lost to the Philadelphians.

Although he has not ansewered the challenge of the Brooklyn Federal League team management to play a series of games for the championship of Brooklyn, President Charles H. Ebbets of the Brooklyn National League Club announced today that even though he would be willing to play such a series, he could not get the sanction of the National Commission. If the Brooklyn Federal team were in organized baseball, President Ebbets said he would be glad to accept the challenge.

SERIES IS PLANNED.

NEW YORK, Sept. 30. — The York National and American League baseball clubs will meet in a post season series which is to be begun on Thursday, October 8, the day before the opening of the world's series.

Announcement that the series had been arranged was amde after Pittsburg by winning today from the Giants spoiled what slim chance was left last year's National League champ to win the 1914 pennant. The series is to be conducted under conditions similar to those which govern the world's championship contests.

LOBART SLATED TO MANAGE PHILLIES

PHILADELPHIA, Sept. 30. — It was reported in baseball circles here yesterday that unless there is an unexpected hitch, John B. Lobert, the third baseman of the Philadelphia National league team will be made manager of the club at a meeting of the directors of the organization to be held this week.

The contract of Charles S. Dooin who has managed the Phillies for several years expires with the close of the present season. Lobert has been with the local team since 1911 when he figured in a big trade between the Philadelphia and Cincinnati clubs.

TO PLAY IN ISLANDS.

HONOLULU, T. H., Sept. 30. — Arrangements have been completed for a series of baseball games to be played here in November between the All-American and All-National teams according to advices received here yesterday.

NEVADA AND SANTA CLARA PLANS ARE UPSET

RENO, Nev., Sept. 30. — Students of the University of Nevada have voted to cancel the contract with Santa Clara College calling for four years of which two years has passed.

The step probably means that the Rugby game set for November 21 in California will not be played. Nevada has twice defeated Santa Clara in track and basketball, but has been twice defeated in Rugby and baseball. The financial details of the contract were not satisfactory to Nevada in view of the recent agreement for athletic relations with the University of California Varsity and freshmen teams.

The Rugby squad is preparing for a game Saturday with the Olympic Club of San Francisco. A big pajama parade and rally will be held Friday evening on the down town streets.

McGRAW PASSED UP BRAVES' STAR TWIRLER

Richard Rudolph, spitball pitcher of the Boston National league club, generally considered a veteran because of his lack of hair and number of years in the International league, is in truth but a youngster, being born in New York city August 25, 1888. Rudolph first became prominent as a twirler with Fordham college. In his freshman year his work was of such caliber as to earn him a position on the Rutland, Vt., team for the summer of 1906. While in Vermont he was asked to sign a Toronto contract and he decided to give up college for baseball. Dick was with Toronto in 1907, 1908, 1909 and 1910.

He was purchased by the Giants in the fall of 1910 and given a trial the following spring. McGraw had a flock of good pitchers that spring and turned Rudolph back to Toronto, where he remained until last April. Several big league clubs wanted to purchase him and were willing to pay him more money than he was getting, but the Toronto club refused to sell him.

Under the new draft rule it was impossible for any big league to secure him without Manager Kelley's permission. Finally Rudolph quit the club. Manager Stallings then dickered with Kelley and purchased Rudolph's release. He has been a valued member of the Braves since and has recently been twirling sensational ball. From July 5 to August 24 he won 11 consecutive games, the Pittsburg Pirates stopping him on the latter date.

TENNIS ASSOCIATION NAMES OFFICERS OF YEAR

SAN FRANCISCO, Sept. 30.—Officers were elected at the annual meeting of the Pacific States' Lawn Tennis Association, held yesterday, as follows: President, Dr. Sumner Hardy, San Francisco; vice-president, A. C. Way, Los Angeles; secretary, J. C. Rolhfs, San Francisco; treasurer, S. R. Marvin, San Francisco; assistant secretary, N. B. Brown, Los Angeles; executive committee, Wickham Havens, Piedmont; Edwin Otis, Oakland; T. C. Bundy and D. M. Sinsabaugh of Los Angeles; Wallace M. Alexander and C. D. Bates, Piedmont; A. B. Duncan and Claude Wagner, Los Angeles.

The treasurer's report showed the association to be in a flourishing condition, and that $2300 had been expended during the year in sending players to various tournaments throughout the country. There are twenty-five clubs in the association.

FOOTBALL LEAGUE HAS DRAWN SEASON PLANS

VALLEJO, Sept. 30. — A schedule of the Northern California football league has been adopted and the first games of the organization will be played on Sunday, October 25. The All-Vallejos have not yet decided whether they will join the organization or not as the constitution and by-laws that govern the league have not yet been received by the local eleven.

According to the schedule, Vallejo is billed to start with the Crystals and the following Sunday the locals are to meet the All-Army eleven.

COMMITTEE NAMED.

STANFORD UNIVERSITY, Sept. 30—The University of California has named its intercollegiate agreement committee, which will confer with a like committee from Stanford on January 22d, for the purpose of drawing up a new agreement. The present five-year agreement expires on January 22. E. J. Fenstermacher, football player of ability, former Graduate Manager Farnum Griffiths and Johnny A. Stroud Jr., present graduate manager, are the three men who will represent the Blue and Gold. President A. E. Worthy of the Stanford Associated Students has yet to appoint the Cardinal's representatives.

FRESHMEN MEET PREPS.

STANFORD UNIVERSITY, Sept. 30.—The Cardinal freshmen fifteen lined up against the Palo Alto High School team in a return game today. The preparatory school aggregation was practically the same as played against and was defeated recently by the freshmen by a 4 to 0 score. The California freshmen defeated Palo Alto by a 49 to 0 tally Saturday. The college town boys will be a weaker combination for inter-high school games, as the ruling of the California Interscholastic Federation prohibits some of the best men from playing.

ATHLETES ENTERED.

STANFORD UNIVERSITY, Sept. 30.—Fred Murray and Johnny Norton, two of the star Stanford track and field performers, left the campus for the California [illegible] track and field events. Murray and Norton are each entered in the two hurdle events. Norton is also entered in the high-jump, while Murray's name is entered for the 16-pound shotput. The boys will wear Stanford's cardinal. They have been duly entered by Coach E. P. Campbell.

COMISKEY? NO! HE'S JUST ON PLEASURE TRIP!

CHICAGO, Sept. 30. — Frank Chance, former manager of the Chicago Cubs and more recently manager of the New York Americans, was emphatic last night in telling friends that he had no baseball plans in mind at present. Chance and Mrs. Chance reached here by automobile from New York. They will continue in a few days by train to their home in Southern California.

Chance denied that he was to see Chas. Comiskey, owner of the Chicago Americans, or Charles Thomas, president of the Chicago Nationals.

"I have received no word from either and don't intend to see either while I am here," he said. "I am going to California to pick oranges and have no present baseball plans."

HARVARD SECOND MEN SCORE UPON VARSITY

CAMBRIDGE, Mass., Sept. 30. — The Harvard second eleven scored on the varsity team for the first time this season yesterday, when, in a practice scrimmage the scrubs sent Ellison over for a touchdown and Temple scored a drop kick from the 17 yard line.

The varsity lineup was practically the same as that whih faced Bates last Saturday. The varsity scored four times.

RAY CAMPBELL HOLDS DECISION OVER HYLAND

VALLEJO, Sept. 29. — Ray Campbell, who is to meet Frankie Kirk at Flosden on the night of October 6, holds a decision over Dick Hyland, the veteran lightweight. The bout between the pair went 15 rounds and was held at Vancouver, B. C. Campbell is one of the cleverest lightweights to be found in San Francisco today and Kirk will have to put up one of the best battles of his career if he figures on winning from his opponent.

DURFEE IS WINNER.

SALEM, Ore., Sept. 30.—The State Fair sport yesterday was in keeping with the weather, while the attendance was the best ever seen by any of the present fair officials on a Tuesday.

The day might well go down in history as Durfee day, for W. G. Durfee of Los Angeles brought home the winner in each of the three races, never losing a heat of the eight.

NO MORE GAMES.

WASHINGTON, Sept. 30. — Because of the failure of West Point and Annapolis to agree on cities for the Army and Navy football game, Secretary Garrison yesterday recommended to the West Point authorities that the game be abandoned permanently.

TEAM IS DELAYED.

PORTLAND, Ore., Sept. 30. — Five freight cars jumped the track near Drain, Oregon, and the Los Angeles baseball team in the passenger train following were delayed three hours, arriving too late for the game yesterday.

GOES TO SHANNON'S.

VALLEJO, Sept. 30 — Charles Grande, the local heavyweight, will do most of his training for his bout with "Coon" Harry Willis at Shannon's villa, San Rafael.

WM. HOPPE PILES LONG LEAD OVER OPPONENT

NEW YORK, Sept. 30. — After playing two 500 point games at balk line yesterday, Willie Hoppe, the world's balk line champion led Melbourne Inman, the English billiard champion of the world, by a total score of 1304 to 897 points in the international billiard contest here.

Inman had a lead of 602 to 204 points when play began, gaining this lead on the English table. Hoppe soon changed the aspect of affairs when he struck his gait at his favorite style in the first game this afternoon. He accumulated the necessary 500 points in 17 innings while Inman was gathering 107.

In the second game, Hoppe was not in such good form, while Inman showed decided improvement as he mad 188 in 24 innings while Hoppe needed 25 turns at the table before he secured his quota of 500.

So far Hoppe's chances look the better for ultimate success, as on the results of three games played Hoppe outclasses Inman 3 to 1 at balk line while the English player is only twice as clever as the American on the English table.

TRIBUNE WINNER IS VICTOR AT FRESNO

Oliver Millard, Olympic club athlete, who won THE TRIBUNE marathon, was again winner yesterday in Fresno, taking the event from Roeding park to the County fair grounds in 31 minutes 29:2 seconds.

Roscoe Poleywlewa of the Sherman Institute, Riverside, finished second. His time was 32:16. The marathon officially opened the eighth annual district fair. Twenty-four runners dashed away at the fire of the pistol this noon at Roeding park, but eleven crossed the line at the fair grounds. Millard led the race all the way, but was followed close by the Indian. One of the surprises of the race was in Bobby Vlught, a speedy runner from the Olympic club, who dropped out from exhaustion.

R. H. Lee, San Francisco Caledonian club, finished fourth. His time was 35:37.

FITZSIMMONS AND JOHNSON MATCHED

Willie Fitzsimmons, the fast little Oakland featherweight, who is being handled by Jimmy Rohan, has been matched for a fifteen-round bout with Lee Johnson, the colored Oaklander who just returned from a successful invasion of Australia. The bout will be held under the auspices of the West Oakland Club. Other bouts on the card are: Frankie Malone vs. Harry Dell, Billy Mahan vs. Paddy Mills, Arthur Carroll vs. Kid Kelsey. Young Turner vs. Joe Heavyhitter. The bouts will take place on October 7.

SET DATE OF RACE.

NEW YORK, Sept. 30. — The national ten mile and seven mile fall championship races will be run at South Field, Columbia university, on October 31, according to announcement today by Bartow S. Weeks, acting chairman of the Amateur Athletic Union championship committee. Hennes Kolehmainen, the present American champion at ten miles and the world's champion at 3000 and 5000 metres, recently returned from Europe.

BOXING SHOW AT RODEO.

PINOLE, Sept. 30. — The Pinole Athletic and Outing club plan to put on a boxing show at Rodeo, October 16. The ten round main event will be between Spider Kepton of Pinole Athletic and Outing club and Kid Peters of Crockett, both of whom are now in hard training for the go, which promises to be one of the snappiest ever pulled off in this locality.

LEADERS CONFER ON EXTRA SESSION

Plan for Recesses, Adjournment and Re-convening Are Further Discussed.

WASHINGTON, Sept. 30. — Further conferences were held today between Democratic leaders in Congress on the plan providing that the House take three-day recesses, that Congress adjourn by October 10 and meet again in special session November 11. Consideration of the ship purchase bill would be the purpose of the extra session. The plan is approved by President Wilson.

It was thought that Democratic Leader Underwood would be able to present to the Republicans today some definite adjournment or recess plan and an announcement by Senator Kern, Democratic leader in the upper House, as to the feeling of that body in the matter of considering the shipping measure at some particular date in November, following the elections, also was looked for.

Members of Congress have been told by Mr. Wilson that he wanted the war revenue tax bill and the Clayton anti-trust measure enacted into law before adjournment. The first of these bills has been passed by the House. A filibuster is being conducted against the anti-trust bill, which is in the form of a conference report, in the Senate, but no trouble is anticipated in the House. The rivers and harbors measure, action on which the President also urged, today awaited his signature.

Complaint has been made by many members that they were compelled to remain in Washington while their opponents in their districts were hard at work campaigning. Included in the plan proposed is a suggestion by the leaders that the rule regarding docking salaries of members who are away, except for illness, be disregarded during the recesses.

COUNTY CARNIVAL WORK IS RUSHED

Exhibition Grounds at Idora Scene of Bustle and Activity.

Huge arc lights are being installed in the exhibit pavilion at Idora park today, and tonight will see a large force of men on the night shift in order to have all the booths built and displays installed ready for the opening of the Alameda County Exhibition and Carnival, which opens under the combined auspices of the civic and commercial organizations of Alameda county on next Saturday, and will continue for sixteen days. Work in preparation for the industrial exposition will be continued night and day.

Every indication points to the most successful affair of its kind ever held in Alameda county. Realizing the value of advertising Alameda county products, manufacturers and resources to the people of the San Francisco bay region the commercial organizations have put forth [illegible] affair and the exhibitors themselves have aided greatly by working for a large attendance. Those interested in the special days are also doing everything in their power to insure a big success, and it is expected that at least 200,000 people will visit the exhibition.

The opening day has been reserved for the Oakland Rotary Club and members of this organization are planning many special features for the occasion. Members of the San Francisco, Sacramento, Stockton, and San Jose Rotary clubs will be entertained at luncheon at Idora park on next Saturday noon, and will participate in the opening ceremonies. The delegates from these clubs will come by special train from the cities and towns mentioned.

Livermore Murderer Is Held to Answer

Emmett Coll, who confessed to the murder of an unidentified youth at Livermore six weeks ago, was held to answer in the Superior Court following a preliminary examination before Justice of the Peace Fitzgerald at Livermore today. A youth whose name and identity has been closely guarded by Sheriff Barnet was one of the principal witnesses in the case his testimony being corroborative to a certain extent of the story told by Coll about the crime. The youth was taken into custody at Ashland, Oregon, and voluntarily came to Oakland as a witness. He has been kept at the county jail for a week.

Windstorm Wrought Havoc in Arizona Town

GLOBE, Ariz., Sept. 30.—A severe windstorm swept through here late yesterday, whirling wash tubs, ash cans, and wreckage high in the air, smashing numerous windows, sweeping one home from its foundations and wrecking it, the occupant escaping death from burial in the debris through the fortunate overturning of a strong iron bed upon her, which supported the wreckage until she was rescued.

WELCOME NEW MEMBERS INTO COMMERCIAL CLUB

Today saw a large portion of the new members of the Commercial Club welcomed to the clubrooms, these including 20 members of the staff of the Great Western Power Company, as well as members of the Advertising Association and others who gathered today for luncheon in the club's grillroom. The 20 new members from the power company were formally handed their membership to the club Saturday night, when, at an informal dinner given at the Nile Club, Manager F. H. Woodward, as host of the evening, told of the achievements of the organization and urged his men to rally to the work of upbuilding Oakland.

Interest was added to the occasion through the fact that E. W. Beardsley, general superintendent of the company, and W. W. Briggs, general manager, were present as guests of honor. Woodward spoke of the club and of the future of Oakland, outlining the means by which his men are to be asked to co-operate in the organization's work. The two guests of honor also spoke congratulating the host upon the affair and expressing gratification at the civic spirit shown by the men. The dining-room of the Nile Club, where the affair was held, was appropriately decorated for the occasion, and the guests at the conclusion of the affair passed a vote of support to the Commercial Club. They have since been assigned to different club committees.

BEN WOOLNER FAVORS M. J. KELLY FOR OFFICE

"If M. J. Kelly is a boss, then every prominent citizen of Oakland is a boss," said City Attorney Ben J. Woolner, this morning.

"When I was police commissioner under the old charter, I had plenty of opportunity to form an opinion about so-called 'bosses.' I can name a dozen citizens who visited me more than Kelly did, and of course, they all wanted something. For Kelly I must say that he never asked for anything but what was right and reasonable and what would have been accorded any citizen.

"I want to say that any man who does things, who compels the respect of the community, who conducts his office so that even his bitterest opponent admits it is absolutely beyond criticism—such a man is bound to become a popular leader, and his enemies are just as certain to call him a 'boss,' partly from jealousy and partly because there is a certain odium attached to the word.

"I think I know enough of public life to justify me in saying that M. J. Kelly is most assuredly the right man in the right place."

FORGAVE TOO OFTEN, HE NOW WANTS DIVORCE

For the past seven months, so the defendant alleges, Maud Unda has been in the habit of mysteriously leaving the marital home and returning again to ask forgiveness. This has been done four times, and on the last occasion, the plaintiff, Peter Unda, decided that it would continue no longer, and he today filed a suit for divorce, charging her with cruelty and neglect.

During these repeated departures, Unda alleges, the defendant has incurred many and unnecessary debts which he, as husband, has been forced to pay.

They were married the sixth of February, of this year, and the trouble started almost immediately after the ceremony. Up to the time of the action they have resided at 1765 Burbank street, Alameda.

DENY RAILROAD PETITION.

SAN FRANCISCO, Sept. 30.—The Railroad Commission this morning denied the application of the San Francisco, Napa and Calistoga Railway for permission to increase the monthly commutation rate between Napa and Vallejo from $5 to $6, on the ground that no proper showing had been made justifying the raise. The $5 rate was established through an agreement between the railroad and the Napa Chamber of Commerce, which guaranteed that 125 tickets would be used each month.

WILSON APPROVES HOUSE PROGRAM

Officials Outline Plan for Recess Until After Fall Elections.

WASHINGTON, Sept. 30. — President Wilson today approved a legislative program for Congress, which includes postponement of consideration of the rural purchase bill until November 15, following the fall elections. The plan as outlined by officials today includes recess by the House within the next 10 days until November 17. The Senate is to finish consideration of the Clayton trust bill and the war revenue bill and then also recess. Information reaching the White House is that there will be no filibuster against the war revenue bill in the Senate.

The President plans to go to the summer White House at Cornish, N. H., for about a week's stay as soon as the legislative work permits.

The President's approval was all that was needed today to make the river and harbor appropriation bill a law. Final congressional action on the bill was taken late yesterday, when the House adopted the measure as amended by the Senate, carrying a general fund of $20,000 for continuing present prospects in the discretion of the army engineers. Following its passage, the bill was sent on its way to the White House for the president's signature.

As originally passed by the House the bill carried appropriations aggregating $40,000,000 for projects throughout the country. As it left the Senate committee the bill carried a total of $52,000,000. As the result, however, of a filibuster led by Senator Burton, of Ohio, the Senate adopted a substitute measure, appropriating only $20,000,000. In this form the bill was approved by the House. It is $28,000,000 less than was carried in last year's bill. All attempts to amend the bill in the House including that to reduce the amount of the appropriations to $5,000,000, were defeated.

CALIFORNIA THIRD IN BUSINESS TAX

WASHINGTON, Sept. 30.—With collections of $11,000,000 California led all the Pacific and mountain States in the taxation of corporations in 1912, Commissioner Davies of the Bureau of Corporations reported today to the President. That amount was exceeded only by Pennsylvania and New York, and was not approached by any other state.

The report covered Montana, Idaho, Wyoming, Colorado, Utah, Nevada, Arizona, New Mexico, California, Washington and Oregon. Of that group California alone separates the sources of state and local revenues. The special taxes fixed on corporations for state purposes yielded about 75 per cent of the required revenue.

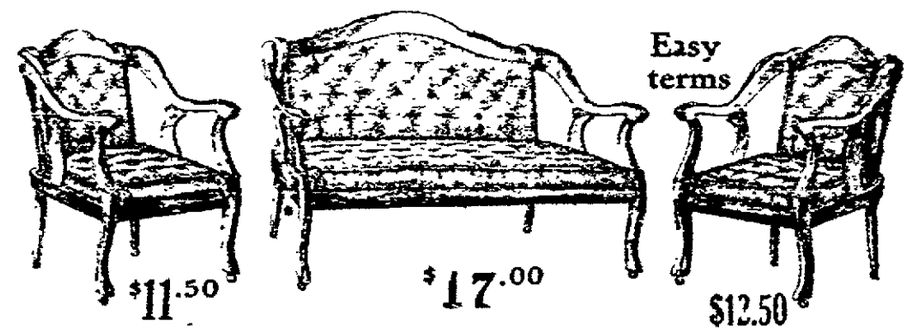

RENEW WAGE PACT.

SAN FRANCISCO, Sept. 30.—The existing wage agreement between the Pacific Telephone and Telegraph Company and its employes has been renewed. By a referendum vote of the locals of the Pacific District Council of Electrical Workers the agreement was accepted for another year, to run from January 1, 1915, to January 1, 1916, and will affect all men employed by the company in California, Oregon, Washington, Arizona, British Columbia, Nevada and a part of Idaho.

'SETS HIS BED AFIRE.

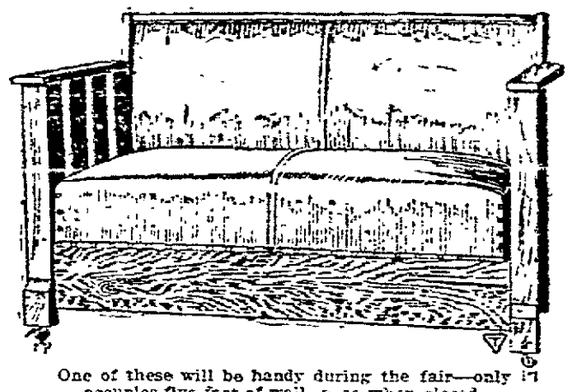

His cigarette last night set fire to the bed clothes of A. Pietrouve, 551 Center street. Pietrouve had gone to sleep, not observing that a bit of tobacco was smoldering, and was awakened by the smoke and heat. He hastily telephoned to the fire department, and the blaze was put out before it got beyond the bed. Pietrouve was unhurt.

OPPOSE ALIEN LAND LAW IN THEIR RESOLUTION

The California annual conference of the Methodist Episcopal church which closed here Monday night put itself on record as opposed to the alien land law and kindred legislation against Orientals. The report of the committee as made public today shows the following declaration to have been unanimously adopted.

"We rejoice in the opportunity which God has providentially given us of manifesting to the peoples who come to us from many lands the real teachings and spirit of Christ. At the same time, we deplore the continued agitation in this state looking toward the further restriction of privileges of our Oriental neighbors living amongst us.

"We refer to the recent pledging of candidates to the leading clause of the late land law, which continues to be a subject of international controversy. We deem the Oriental immigration problem to be settled especially since the conclusion of the so-called gentleman's agreement, which federal officials assure us is working satisfactorily, and we place ourselves on record as desiring the demanding of equal treatment for those who come here."

AERIAL SUFFRAGISM.

PHILADELPHIA, Sept. 30.—Twenty thousands pieces of suffrage literature yesterday were scattered over Philadelphia and surrounding towns from the balloon "Greater Philadelphia," which ascended from the southern section of this city and came down late this afternoon near Vineland, N. J. The pilot and the three passengers reported a successful trip, and suffragists throughout the city and State were greatly elated at the success of the novel advertising venture.

The balloon was laden with suffrage pamphlets addressed to working girls, farmers' wives, ministers' wives and housekeepers. As the bag passed over towns and villages, bundles of the suffrage pamphlets were thrown down.

STATUE OF LIBERTY
This statue, the largest in the world, represents the Goddess of Liberty holding aloft a torch with which she enlightens the world. It was designed by Frederic Auguste Bartholdi and presented to the United States by the people of France.

EVERY AMERICAN would sacrifice his fortune and his life to perpetuate the freedom guaranteed by the Constitution of the United States. Americans holding such ideals have built the name and established the fame of BUDWEISER. For 57 years its quality, purity, mildness and exclusive Saazer Hop flavor have stood above all other bottled beers as the Statue of Liberty towers above the sky line of New York harbor. Its sales exceed any other beer by millions of bottles.
